## Workshop on Collective Critical Cartography

The Department of Geography and Research Centre organized a workshop on "Collective Critical Cartography: A Tool in Geographical Study" on 30th January, 2024. The resource person was Dr. Adrian Ferro, Assistant Professor in Geography. He discussed the technique of "Collective Critical Cartography," that facilitates the use of cooperative mapping as a tool. As part of their curriculum, students must understand mind mapping techniques; thus, this session helped them acquire them. The students then created collective mind maps for the Chowgule College campus. A total of 12 students attended the workshop.

Hands on experience workshop activity on "Collective Critical Cartography: A Tool in Geographical Study" conducted by Dr. Adrian Ferro.
