2.6 Innovative processes adopted by the institution in Teaching and Learning:

Lecture Method with teaching aids

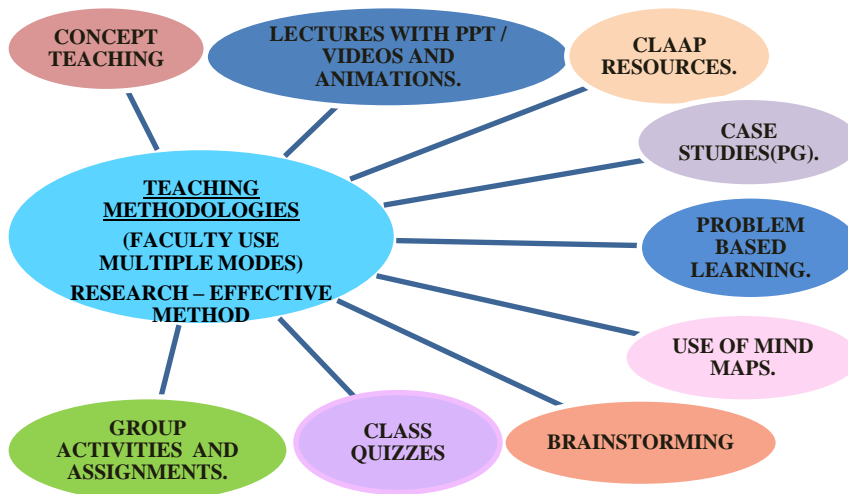

Teachers engage lectures with the added complements of teaching aids like charts, posters, PowerPoint presentations, audio- video equipments.

Interactive Methods

Interactive teaching learning model with a selection of any one or a combination of methods mentioned below.

Discussion model

The teacher engages the class, through discussion by breaking up a large group of students or engaging a small class in a guided exchange of ideas, experiences, responses etc, to reach an understanding of the study material.

Innovative Teaching Learning Methodologies

Inquiry Based model

Here the teacher uses questions to bring the student to an

understanding of the study material. Rather than presenting facts or statically giving information the teacher poses problems, scenarios, case studies to the students.

Cultural knowledge model

This is mainly used in literature classes - Here the teacher uses cultural comparisons to bring about an understanding of the study material.

Experiential Learning through...

Constructivist model

Here the teacher uses activities/tasks/ experiments completed by the students to achieve learning outcomes. Theory is imbibed through the tasks/activities, as the students have to learn, and consume knowledge in order to complete the given work. This method works well for group activities. Students can also experiment and share their findings in this method. This works best in skill-based courses.

Application model

Here the teacher first instructs the class in theory and then gives them activities/tasks to put the theory to use. Students learn through application of the theory rather than only theory. This has been used in skill-based classes.

Audio lectures/Video Lectures for flipped classroom model

These are complementary lectures which are used in the flipped class format. Resource material sourced from the internet can be used as additional resources for the students to access knowledge from.

Most of the Science departments have already started adopting the ‘Process Oriented Guided Inquiry Learning’ (POGIL) methodology which improves students critical-thinking and problem-solving skills, their performance and engages higher-level thinking skills.

2.7 Total No. of actual teaching days during this academic year

2.8 Examination/ Evaluation Reforms initiated by the Institution (for example: Open Book Examination, Bar Coding, Double Valuation, Photocopy, Online Multiple Choice Questions)

Under Autonomous structure, the students are assessed on a regular basis termed as ‘Continuous Assessment’ and at the end of a semester through ‘Semester End Examination’. The weightage in percentage is 40 and 60 respectively. The stated percentage under continuous assessment in terms of marks reflects as 40 marks for courses without practicals and 30 marks for courses with practicals.

Assessment for every unit / module of a course is done covering the “Continuous Assessment” component using written/oral examinations, open/closed book tests, Scheduled/ Surprise, objective / multiple choice questions; assignments, report on field visit observations, Short-answer type, Essay type, Seminar, Assignment, Experimental work, Journal paper Review, Peer group assessment, etc.

For courses having practicals, the assessment is done on a regular basis by evaluating the conduct and performance of a student in the laboratory. No separate examination is held in this regard.

Internship trainings are initiated and coordinated by departments and recorded with the college administration.

2.9 No. of faculty members involved in curriculum restructuring/revision/syllabus development as member of Board of Study/Faculty/Curriculum Development workshop

The institution being autonomous all the regular faculty are members of their respective Board of Studies in accordance with Goa University ordinances. Some faculties are also members of the BoS in their respective subjects at the Goa University.

2.12 How does IQAC Contribute/Monitor/Evaluate the Teaching & Learning processes:

The IQAC has constituted a committee which consist of senior faculty from other colleges besides the Dean of Sciences and Arts of our college to conduct an ‘Academic Audit’ of every department with respect to the courses conducted, evaluation methods employed, student – feedback, time analysis in terms of completion etc.

The Academic Audit is taken up as a process for improvement and up gradation of the courses within the adopted autonomous system.

The Academic Audit encompasses the implementation of the teaching-learning-evaluation processes and the contribution towards achieving the vision and mission of the College. It also aims to incorporate teacher-students comments/suggestions, if any with focus towards improvement and enhancement of quality of teaching-learning a subject.

3. Research, Consultancy and Extension

For this academic year the IQAC had taken multiple initiatives to promote research in the institution. The Research committee initiated 'Research Discussion Forum'(RDF) to provide a platform for interaction of faculty to initiate interdisciplinary collaborations in the institute. The Forum had three day interactive sessions to enable faculty to prepare 'Interdisciplinary research proposals' to address issues related to the environment / Society.

The other initiatives taken are as follows:

- For promoting Student research:
 - Research methodology workshops for students –were conducted to orient them on how to formulate research proposal, how to write research project, Plagiarism and Referencing Styles.
 - Research database – Reference / Policy documents were uploaded on college website. These included 'Introduction to research', Plagiarism policies, Referencing Styles.
 - Local / national/ international Linkages were created for research purpose.
- For Promoting Faculty Research:
 - To encourage the faculty of the institution to complete their PhD research work - , 'Special teaching assistance' was provided.
 - Adjustment of lecture schedules in timetable was permitted to facilitate research activity.
 - A special 'Research section' was created in the library to encourage faculty to carry out their research works.
 - Creation of Research guide document(on website): Guide to 'Research project supervisor', Guide to 'Research Project Examiners'.
 - To promote research culture - Research orientation workshop was conducted for newly recruited faculty members to understand the research environment and facilities available for them at the institute
- Research database:
 - Work was continued to collect and organise the data for creating Research Portal on the college website.
 - The IQAC prepared a 'Handbook of research at Chowgule College' which has data of past 03 years.
- Linkages and MOUs:
 - New Linkages were initiated with 09 institutions and companies and MoU was signed with 05 institutes, for research activities, internships and job placement for students

3.26 Major Activities during the year in the sphere of extension activities and Institutional Social Responsibility

Students along with N.S.S. volunteers wholeheartedly participated in the celebrations for the National days i.e. 15th August and 20th January besides the Goa Liberation day or the 19th December and the Gandhi Jayanti or 2nd October. Apart from undertaking cleanliness drive in the college campus, the volunteers took part in the Swachh Bharat Abhiyan Pakhwada organized by MHRD, Government of India. A Cultural Programme was also presented by the students on these occasions.

After inaugurating the N.S.S. unit, the volunteers were oriented towards their duties and the activities. Patriotic singing competition, tree plantation drive, making of Paper bags, blood donation camp etc. were some of such activities. The volunteers also, participated at a one day state level seminar under the guidance of N.S.S. Programme officers on the occasion of International Youth Day. Several competitions were organized for the students on the N.S.S. Day celebrations on 24th September 2016.

The students were a part of the digital India workshop organized by the Goa University. In addition, they were participants and winners of several competitions at District and State level.

Guidance towards Ethical voting was provided to the students on the National Voters Day through a talk on the subject delivered by Dr. G.S. Desai they were also made to administer an oath in this regard. The volunteers were also participants at a rally organized in this regard by the District Collectorate.

As a part of the community service, the students of the college have initiated a programme 'Chalo School Mega Drive' for Children from the weaker section of the society. The Government run primary and secondary schools from nearby village have been adopted under this initiative.

Amongst the other activities, visit to old age home is primarily taken up for a social cause. The US consulate conducted a talk on the opportunities available for higher education in the U.S. to all the students across disciplines.

5. Student Support and Progression

5.1 Contribution of IQAC in enhancing awareness about Student Support Services

The IQAC initiates several programmes for the students in association with the Student Support Services cell of the college. In the very beginning, the newly admitted students are oriented towards the course structure under autonomous status and are familiarised to the college campus.

The Student Support Services has several facets. It renders counselling to the students on academic and non-academic issues; provides career guidance and also offers personal counselling.

The Writing Centre which forms a part of the cell conducts BEC Course under Cambridge University and also provides assistance to students in writing assignments and project reports.

The Statistical Analysis Support cell helps students and faculty members in preparing statistical data with respect to their assignments/projects /research respectively.

The Student Support Services under its banner has Exchange Programmes for students and faculty members with institutions in Sweden and Japan emphasizing on culture and biodiversity.

5.2 Efforts made by the institution for tracking the progression

Grade tracking and target setting for students. The students admitted to various courses are required to set targets towards their performance at each semester and their progress vis-a-vis the set target is monitored at the mentor-mentee meetings.

7.3 Give two Best Practices of the institution (*please see the format in the NAAC Self-study Manuals*)

Best Practice I: Student - Teacher Bonding through Out-of-Class Activities

1. **Context & Goals:** The institute prides itself in creating long lasting relationship which transcend beyond the classroom and curriculum. Teachers no longer remain teachers but become mentors, motivators and life-coaches. To this effect, the institution has put in place various mechanisms and activities to foster such connections. The endeavour is that through such activities students build connections with teachers and are imbued with life-long interest in subjects, meet acclaimed people in the field, develop soft skills, - all this through the teacher. A corollary to this is that it also showcases the

college to other institutes - Schools and Higher Secondary - through word of mouth as well as activities that bring these students to visit the college.

2. **The Practice:** There are three broad activities that are the foundation of student teacher-bonding:

i. Mentor – Mentee Meet:

The college organizes a mentor mentee meet every year so that students (mentees) are being properly guided and are given personal attention. The meet focuses on targets to be set by the mentees for their academic performance and in also developing a mentor-mentee rapport. Mentees can share their thoughts about anything and discuss whatever they want in this safe zone. The mentees meet their respective mentors regularly for necessary, help, advice, guidance or just a listening ear. Mentors can also run interventions with their mentees or their teachers when needed.

ii. Departmental / external activities and competitions:

Each department organizes various departmental activities wherein the faculties supervises or monitors their students to organize activities that would give a push to their organizational abilities. Several departments conducted activities as under:

- i. **Department of Biotechnology** - Annual Exhibition Cum Event “SYNAPSE”, chart making competition on “Good Laboratory Practises’,
- ii. **Department of Botany** - Intercollegiate event ‘PLANTICA’, Science Fest,
- iii. **Department of Chemistry** – KYNESIS’
- iv. **Department of Computer Science** – Intercollegiate IT festival “I-RIX”,
- v. **Department of English** - “Shakespeare Festival - The Bard by the Mandovi 2016”, Pegasus, Cosfest Goa 2016 -Bringing Pop Culture to Life, Literati! 2016, Omega 2016, study tour to Kala Ghoda Festival 2017
- vi. **Department of Economics** – Intercollegiate event - Revelations’,
- vii. **Faculty of Languages and Literature** - ‘Twenty First Intra -Collegiate Poetry Recital and presentaion Competition – ‘Kavya Sandhya 2017’
- viii. **Department of Geography** - Observed “World Population Day”- the Theme: “Girls with Dreams become Women with Vision”, Observed Hiroshima-Nagasaki Day, Intercollegiate event “Geographize”.
- ix. **Department of Geology** - Intercollegiate event – ‘Nebula’.
- x. **Department of Hindi** - Tulsi aavam Premchand Jayanti, ‘Hindi Saptah’, Swarchit Kavita Vachan Competition, Parvati vachan Mandir,
- xi. **Department of History** - *Panel Discussion* on 'Sensitization of HIV AIDS'.

- xii. **Department of Konkani** - Celebration of 141st Birth Anniversary of Shennoi Goembab, Observed the death anniversary of Dr. Madhavi Sardessai, well known Konkani Writer and Critic, 'Vachan Mandir program on "Pavsachyo Kavita", 'Srujanotsav-2016', Meet the author.
 - xiii. **Department of Marathi** - 'Marathi Bhasha Diwas' Lokmanya Tilak Punyatithi,
 - xiv. **Department of Mathematic** – 'Mathemagic'
 - xv. **Department of Philosophy** - Essay writing, debate and quiz competitions
 - xvi. **Department of Physical Education & Sports** – 54th Annual Athletic Meet.
 - xvii. **Department of Psychology** - Mind Kraft, Discussion Forum on the theme 'Underachievers - From Caterpillar To Butterfly'
 - xviii. **Department of Sociology** - Intercollegiate event – 'Goenkarponn', "SOCIOFIESTA", *intra-class competition* on 'Resurrection of women Sociologist'
- Department of Zoology** - Intercollegiate event - 'SYMBIOSIS'.

iii. Educational Tours / treks / visits to respective related field:

These Educational Tours / treks / visits enhance the knowledge of the students as they explore practical work ethics and professionals. These visits develop strong bonding and understanding between the faculties and the students.

- i. The Department of Zoology organized field *trip* to 'National Centre for Antarctica Ocean Research (NCAOR)', 'Bhagwan Mahavir Wild Life Sanctuary, Mollem', 'study avain biodiversity of Ratnagiri', 'Ambolim', 'ICAR - Old Goa and Ela farm - Old Goa and to Cutbona fishing jetty and fish landing centre'.
- ii. The Department of Geography under their Club "GLOBE (Geographers' Loving Our Beautiful Environment)" organized a Monsoon Trek to Mainapi Waterfalls at Savoi.
- iii. The Department of Economic (through Economics Forum) organized a *field trek* to 'Netravali wildlife Sanctuary'.
- iv. The Department of Psychology conducted a *field trip* to 'Sethu – Family Development Center in Sangolda and Kripa Foundation – a rehabilitation center in Anjuna'.
- v. The Department of English organized a *study tour* to Kala Ghoda Festival 2017.
- vi. Our College NCC Unit conducted Summer Trek.
- vii. The Department of Sociology organized its annual *field Trip* to 'Morpirlla Tribal village' in Quepem Taluka.

3. **Evidence of Success:** Large numbers of students participated in these activities which were aimed to help identify, and nurture the leader in them. Soft-Skill development, independence of the students in decision making, entrepreneurship skill development, human resource management are observable during the lead-up to inter-school and higher secondary and inter-collegiate competitions. Through the various activities it is observed that student-teacher rapport increases leading to a better dynamic between the two.

Best Practice II: Positive Chowgules:

Positive Chowgules is a recent initiative to bring together all the departments of the college with the sole intention of sharing what they consider their best practises of the year. This is organized at the end of every semester. Departments present and share their best practices in terms of academics, evaluations, teaching methodologies, extra-curricular activities, and motivational strategies. This encourages collaborations between departments once they identify areas they need to work on.

Some of the stand-out practices followed by the departments are:

- Evolved teaching methodologies which involve blended learning, student-centred learning, cooperative learning strategies, flipped classroom methods, experiential Learning
- Evolved assessments - interactive quizzes, use of Audio and Audio-visual submissions, posters, role-play, plays, debates, discussions, term-papers, project based assessments etc
- Encouraging students to try their hand at research through the conduct of Seminars, Conferences and workshops, as well as sending students out to present at various Seminars, Workshops and Conferences.
- National level seminars, conferences and workshops organized which tie -in with syllabus content to give students insights into current thoughts and research in their areas of study
- Extra-curricular events, tie-ups, based on the students' major-minor programme choices for better grounding in their subject areas.
- Consultancy services as a means of teaching, training and study - Many departments are offering consultancy services as a means of training their students.
- Internships within departments - along with consultancy services another area of training is the internship credits. A few departments have taken interns within the departments especially those interested in the teaching field.
- Extensive of ICT within classroom from using cell-phones/laptops to complement classroom teaching to the recording of practical demonstrations to assignment submissions as well as SEE assessments through Learning Management Softwares - Google Classroom/Moodle (CLAAP)

4. Carpe Diem art Gallery	The interns have been very helpful in the work that we do here. I feel the internship period of 1 month to 1 and half months suits well for us. The students are well equipped with skills that we find useful. We would only suggest if students are trained well in Microsoft Office. documentation and report writing skills and can be great for Carpe Diem Art Gallery
5. El Shadai trust	Satisfied with the students as they do what we tell them to do. However, Students lack creativity and proactiveness. The students should be more interactive during field visits where we have to go and interact with the migrant people and children. It will be ideal if minimum 2 months are dedicated for Internship as we could organise some awareness program for street children and migrant population. Street child. It will be great if the student come prepared with a questionnaire or set of questions that they want to know about the work we do here at the shelter.
6. Red Bull	Very pleased with the performance of the student. The student needs to have good communication skills, self belief and must take pride in the job given to them. Atleast 3 month of internship can be very rewarding for a student to pick up sales as a career.
7. Radisson Blue	The student was very punctual and had a good attitude. We are happy to have more students interning with us in the months to come. All we expect is a good personality, willingness to learn and good attitude towards work that's given to them.
8. Sangath Raia	The internship period was for 120 hours and we were happy with this time. The students were punctual and have met our expectations
