## Chowgule college and the campus

★★★★★

To start with the campus, it is one of the best aspects of the college so far as it is not too complex in structure. Moreover, it is a simple and chilled out place to be in. The faculty and students including the non teaching staff follow a certain discipline which makes the atmosphere more systematic. This college is the best!

### Campus Location

The campus is neat and tidy and also kept in that way without any problems.

### Campus Facilities

Most of the facilities in the college do not disappoint but the internet connection here is very slow.

### Campus Life

Everything from the sports equipments to the extracurricular activities is great here.

### Jobs & Internships

Internship opportunities are very good within this college and it is also compulsory for the students to take up one internship during their course.

### Teaching Quality

Not all, but some of the faculty members are disappointing.

It's one of the finest colleges in Goa. Has amazing infrastructure. The teachers have been helpful and great towards students. It has a futsal court, where football enthusiasts can play and enjoy and have a great time there. Chowgules is life. Amazing.

### Campus Location

There's a Xerox shop outside the college. A bus stand nearby has made the transportation easier from the college.

### Campus Facilities

The campus has no hostel but there's a guest house. There is a great lab for conducting experiments and projects. The facilities are great.

### Campus Life

There are different clubs within the campus and students are part of different clubs. Many fests are being held throughout the year. Overall the environment is student friendly.

### Jobs & Internships

I don't know anything about placements. Find out for yourselves.

Teachers are helpful and amazing here at Chowgules.

## This college is where dreams come true!

By Anonymous , 6 months, 3 weeks ago

User Rating **4**/5  
★★★★★

This college is where dreams come true. The college is loaded with facilities. The football ground is one of the best in Goa. Overall the sports department is very dedicated. The Tigers gym offers discounts to the students. The college organises many events through different departments. The college event, Tathastu, attracts a lot of colleges around Goa. The college studio, Tiger Studio, is perfect for musicians, singers, actors and anyone who wants to be an artist. The canteen is really small and the place is not enough for everyone to fit. The parking space is also small. The WiFi speed is small.

### Campus Facilities

The college provides a guest house to stay in.

### Jobs & Internships

B.Sc. students do not get placements.

### Teaching Quality

The faculty is well experienced, approachable, smart and caring.
