Basic Computer Skills in Word and Power-point for Children of Matruchaaya

Department of Computer Science in association with Institutions Innovation Council (IIC) organized Hands on training session on essential software tools for the inmates of Balika Ashram of Matruchaaya, Gogol Margao Goa. This is a community service initiative by the department.
Main aim of the program was to make students familiar with essential software such as word processor and Powerpoint Presentation. 10 inmates participated in this activity. Two introductory sessions were held of 1.30 hours duration each on 17th and 20th December 2024. Third Year B.Sc. (Computer Sc) students demonstrated these software to the participants. This event was coordinated by Mrs. Suchitra Bhat , Associate Professor and Dr. Sameena Falleiro, Associate Professor from the Department of Computer Science.
 Outcome of The Session:- The Children benefited by learning the basic of Word and Power-point.
This knowledge can be used for their assignments and other future task related to academics.
