Margao - Goa

Policy on Enrolment for Additional Courses – Additional Credits

B.A. and B.Sc. Programmes

A student enrolled in an Autonomous Programme of the College under the Choice Based Credit System, besides opting for the twenty-one regular core courses to obtain a minimum of 84 credits (under Component A of Course Structure), is allowed to opt for and study additional core courses from those being offered in the undergraduate programmes of study. This will enable a student to earn extra credits. In such cases, the student should ensure that the additional course chosen fits in the implemented timetable and allows him/her to attend regular course work. The student must ensure that a minimum of 75 percent attendance is maintainable for the semester as it is a prerequisite for completing the course and obtaining credits.

Additional conditions are as follows:

- a. Enrolment for additional courses will depend on the availability of seats.
- b. For the first 'additional course' no fees, except the examination fees (as per the examination rules) will be charged.
- c. For every subsequent course a student will be charged fees of Rs. 1,500 per course for a course not involving laboratory work and Rs. 2,000 per course for a course involving laboratory work. Additional examination fees will apply.
- d. A student will have to obtain official permission to enrol for the additional course/s.
