Report on palliative care

A foundation course in palliative care was conducted in Collaboration with GDP, Dillasa and IMA Ponda Chritable trust for volunteers. This course was conducted over the duration of 4 days i.e from the 29th of January 2020 to the 1st of February 2020. The course is first of its kind in the state of Goa to be offered to college students. The course is a multidisciplinary approach to growing speciality of palliative and their mission is to facilitate the student community to become socially responsible citizens and to be sensitive to the needs of people with serious health related sufferings.

The sessions gave the volunteers an over view in to palliative care, thereby introducing us to the principles and objectives of this discipline. Speakers like Col.Yashavant Joshi made sure that we have the required knowledge in understanding the needs of ailing people at home or in a hospice ,and using good communication skills to handle difficult situations such as breaking the bad news, coping with loos and grief. The home visit was the most realistic and practical experience for the volunteers as we were the ones to interact with the patients and their families. All the 42 students were divided into 7 groups and were sent to different villages of goa.

Speakers like Sister Stella and Lourdes Soares[founder of sabrcare] shared their experiences which moved us and encouraged us to sensitize towards the more unfortunate sections of our society, whose pain is unbearable.

All the volunteers were asked to make a presentation about the patients that they visited along with a formal report by team leaders.

The sessions were interactive wherein there were some group discussions and activities held.

The certificates were then given to the student on the last day. On the whole it was an awakening experience and a call to render our services to the society.

Student Support Services (SSS)

The Student Support Services (SSS) at Chowgule College provides a host of specialized services to our students. These include academic writing assistance, career and personal counseling, statistical analysis support and various skill enhancement programmes.

alternatives, define a vocational goal, create a post-graduate educational plan, explore job opportunities and much more.

Personal Grooming & Personality Enhancement Course:
The resource person at this course is Ms. Charmaine Shackleton Godinho, who has worked as a professional model from 1995 to 1997. This course covers aspects like Grooming (such as hair and make-up, dressing effectively etc), Lifestyle Management, Telephone Etiquette, Posture, Personality Enhancement etc.

Business English Certificate (BEC) training:
The College conducts a coaching programme for students and members of the public who would like to obtain the prestigious Business English Certificate (BEC) of the Cambridge University, UK, under its English for Speakers of Other Languages (ESOL) programme. BEC certificates are recognized across the world in over 130 countries as an important qualification for jobs.
The examination can be taken at three progressive levels: Preliminary, Vantage and Higher.
This initiative of Chowgule College is in collaboration with British Council, Mumbai which conducts these examinations on behalf of Cambridge University's ESOL.
In India, many leading companies such as Tata Consultancy Services, Larsen and Turbo, Maruti Udyog Ltd. and Hindustan Lever Ltd. give importance to B.E.C.
The College is now an examination centre for BEC.

Statistical Analysis Support Service (SASS):
SASS provides statistical analysis support to students and teachers in their projects, assignments, articles and research works. It also helps students with various data related services such as designing questionnaires, collation of data as well as analysis and interpretation of data.

Centre for Portuguese Language & Culture (CPLC):
The objective of CPLC is to encourage the learning of Portuguese language and deepen the understanding of Portuguese culture, given the fact that Portuguese is the national language of nine countries in the world and is the second most popular world-language after English. Besides language learning courses, CPLC also hosts exhibitions and regular monthly film screenings.

Students & Teachers Exchange Programme

The College has an ongoing student-teacher exchange programme with three gymnasiums (higher learning schools) from Stockholm, Sweden. This is an ongoing programme since 2008-09.
Under this exchange programme students from these three gymnasiums are in our College during November-December for two weeks. The students stay with the families of our students. Besides enjoying the unique hospitality of the families of our students, the students and teachers are exposed to many programmes to acquaint them with our culture and traditions.
Our students and teachers make a return visit in May the following year with a similar programme there. Our students stay with the families of the same students who had stayed with them in Goa.
