REPORT ON PRERNA DIWAS

In India 28th of February is observed as “National Science Day or the Prerna Diwas” to commemorate the discovery of the ‘Raman Effect’, a Nobel Prize winning discovery by Sir C.V. Raman.

This year “Prerna Diwas” was celebrated in a very unique way in the college by sharing third year B.Sc./B.A. student’s innovative project ideas with their juniors using the Poster presentation, with the objective of motivating first year and second year students to think of an innovative and novel ideas for their third year Project.

We believe that our students have the capability of thinking powerful ideas and helping the society with their innovations. Thus the innovative way of celebrating Prerna Diwas will definitely motivate students to think of various innovative ideas and implement the same innovative idea for their third year projects that will lead to new invention or possibility of emerging as an entrepreneur.

The Deans (Faculty of Science, Social Science and Languages and Literature) organized “Prerna Diwas” on three days from 27th February to 1st March 2018 between 10.00 a.m. to 12.00 p.m.

First day [27th February 2018] was allotted to Social Science departments: All the third year students displayed the Posters (as per the standards provided) of their third year projects in the Quad. Streams such as Economics, History, Sociology, Philosophy, Psychology and Geography department Projects were displayed. Total 26 projects were displayed out of 28 projects. Total 121 First and Second year students and 28 staff members went through these project posters ideas. The third year students also were very enthusiastically explained/presented their project ideas to students and staff members.

Second day [28 th February 2018] was allotted to Science departments: All third year B.Sc. students displayed their third year project’s Posters (as per the standards provided). On this day the Botany, Zoology, Geography, Computer Science, Geology and Biotechnology project Posters were displayed in Tiger Quad. Whereas, Mathematics, Physics and Chemistry project Posters were displayed in Tiger Ghol. Very interesting 53 projects projects (out of 65 projects) were displayed by students. More than 190 First year and Second year students along with approximately 60 staff members attended this program.

Third day [1st March 2018] was allotted to Languages and Literature departments: All third year students from Languages and Literature departments displayed their Posters (as per the standards provided) in the Quad. The departments such as English, Marathi, Konkani, French, and Hindi department students displayed their third year projects. Total 20 projects were displayed out of 21 projects. 63 First and Second year students attended the program.

It was well planned event and executed in a very systematic order with the help of Deans, teachers students and Volunteers. The third year project posters were put forth before their juniors (F.Y. and S.Y. students) that helped in understanding the concept of their project and the hardships that they went through while doing this project. Many junior fellows showed eagerness in knowing what were the

different projects displayed and how they did these projects and various methodologies involved in getting the projects done. These presentations gave ideas for the second years how to frame a project for their third year. It also inspired some students to select a specific topic for their project and also decide whether to do the project in a group or individual. Overall the event served what it means “Prerna Diwas” an Inspiration day.

Feedback: There was very good feedback given by 90% students indicating the project presentations have helped them or inspired them to plan for next year. Few of the third years were grumpy because they were not attaining and no marks for this presentation.

The programme was well planned and organized by Ms. Shaila Ghanti, Ms. Mitra Borkar and Dr. Debasish Majumdar .

Planning, coordination and logistic support was provided by Ms. Bhavana Sawardekar with the support of volunteers. On the third day of Prerna Diwas there was a group picture of all volunteers and the event was concluded.

1. Ralph DaSilva, SYBA, Economics & Psychology
2. Shalaka Kakodkar, S.Y.BA, Geography
3. Tufail Shaikh, S.Y.B.A., Geography
4. Sneha Modiyil, S.Y.B.Sc., Physics
5. Clint Fernandes, S.Y.B.Sc., Physics
6. Sweta Kalwar, S.Y.B.Sc, Botany
7. Seedel Fernandes, S.Y.B.Sc, Botany
8. Palash Agni, S.Y.B.Sc, Konkani
9. Shriyasha Ajgaonkar, S.Y.B.A., Geography
10. Priyanka Bhat, S.Y.B.A., Geography
11. Mamta Allapuram, S.Y.B.A., Geography
12. Arnold Paes, S.Y.B.A., Geography
13. Flexon Gama, S.Y.B.A., Geography
14. Eilrich Candiso, S.Y.B.A., Geography
15. Alicia Fernandes, S.Y.B.A., Geography
16. Sravya Bandai, S.Y.B.A., Geography
17. Haveri Saniya Niazam, TYBsc, Botany
18. Deepashree Joshi, TYBsc, Botany
