

Framework for Mathematics Subject

Question paper with internal choice:

- a. Will have 5 main questions of 12marks each.
- b. One main question will be compulsory and have no internal choice.
- c. Internal choice pertains to the remaining 4 questions; each of these main questions will have internal choice.

Note: Teachers are requested to take a note that Q4 in their respective question paper should preferably be set involving higher order thinking. You are requested to submit answer key to the respective question paper.
