| No. of Participants | 43 Faculty members. |
| Objective: | The IQAC of the college has initiated "Research Discussion Forum" (RDF) of the Research committee. The objective of this RDF is to identify potential researchers for collaborative research of interdisciplinary nature. The sessions were held with the aim to encourage interdisciplinary research between faculty researchers from different departments. |
| Summary of the proceedings | The IQAC of the college was aiming at encouraging interdisciplinary research between faculty researchers from different departments. Dr. Nandini Vaz Fernandes explained that RDF sessions were planned with the objective to identify potential researchers for collaborative research of interdisciplinary nature. |

The Research Discussion Forum conducted interactive sessions of the following potential collaborative researchers. Each speaker spoke on the following:

- 1) Areas of your specialization, expertise, and work that you do.
- 2) Research skills / techniques used by you and their applications.
- 3) Potential departments whom you can collaborate with.
- 4) What possible collaboration you are looking out for from other departments.

OBJECTIVE OF RDF

- To initiate collaboration between faculties of different disciplines.
- For the purpose of:
 1. Interdisciplinary research projects.
 2. Interdisciplinary research publications.
 3. Collaborative extension services.
 4. Collaboration with Industries for research funding

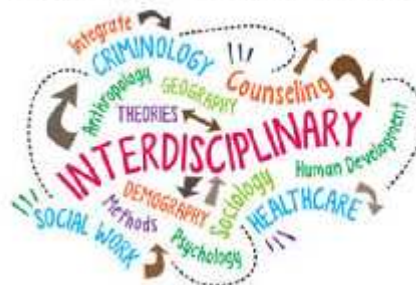

NEED FOR RDF

Thus RDF will provide platform for faculty to:

- identify potential collaborators.
- initiate collaboration with faculty who can broaden your research prospects.

So what we have planned:

- Speakers:
 - Talk about their research field / area of expertise.
 - Skills / techniques / tools they know.
 - The applications of the skills to other disciplines.
 - Potential departments they can collaborate with.
 - Writing Books.
