Subject: Proposal for E-books with Integrated Digital Library Services – Subscription Model.

Dear Sir/Madam,

Thank you for the interest shown in our edutech e-contents and services. Based on the discussion herewith attached our proposal against the selective list of eBooks from Multi-Publishers pertaining to all Streams. The selected e-books come with a Smart Virtual Library Platform with many integrated tools and assessments, web-links, Multimedia Contents making it a complete digital library.

Wonderslate Technologies is a tech-enabled learning platform which has successfully embraced the concept of Smart Content with integration of learning tools and assessments.

At Wonderslate we cater to a large audience of **90k+ students and Faculties** visiting our forum daily, and the number increasing with each passing day. Our institutional digital library solutions has been well accepted by large coaching institutes and colleges. Our Clientelebase is growing from reputable publishers like Sage, OUP, Oswaal, Teri Press, Prabhat Prakashan, BSP, BPB, Lakshmi, Khanna, Arihant, VinRa, Prashant, Agrotech, TERI Press, Winners Academy, UTKARSH, and Mechasoft and so on.

We have proposed the Digital library platform services on enhancing your remote learning experience. This shall include complimentary e-books with an integrated virtual library. All this can also be accessed to your mobile devices and remotely via secured login credentials.

Platform Capabilities: The Digital Library Platform is capable of hosting digital content in E-Book form, Audio-Visual and Multimedia Content in the same environment. The Digital Library Platform has an integrated Assessment Platform where student can take online test and get instant assessment. Digital Library Platform has Issuance Feature for Librarian and Dashboard for tracking Usage. The Library is accessible online as well as through Mobile App with DRM capability. The platform can handle large number of users concurrently. Students and faculties can access remotely through secured login credentials off campus and also through IP authentication. The Platform support scheduling classroom for personalized learning by curating data from both subscribed contents as well from the institution repository.
