**Subject:** Request for extension of the exam of second year college students.

To respected Prime minister of India,

This is regarding the request for extension of the exam of second year college students.

I am studying in Parvatibai Chowgule College of Arts and Science, Margoa, Goa. Since the Covid cases are increasing throughout the nation the classes have been made online, before the pandemic the portion was completed within 6 months but now the same portion is being completed within 4 months. This clearly shows the stress and burden among the students, because of very little time limit teachers are in a hurry to complete the portion and failing to teach properly. We students are not able to study properly, they give lots of assignments and take extra classes, teachers are doing this only for the sake of doing it.

Please I am requesting to extend this semester so that we get sufficient time to study and clear the semester. Please consider the condition of the students and please keep the exams of second year students online as the classes are conducted online and extend the semester .

Thanks.

**Sub :- Regarding the grievance from a student of our college**

Dear Sir,

With reference to the above letter received at this end, we wish to clarify the following :

1. After verification with the concerned department, it was found that :
  - The student has been regularly attending the lectures that are being conducted online.
  - She has also been regularly submitting all her assessments that have been conducted to date.
  - The student has never raised any such issues of studying in a stressful environment or being stressed out due to the online teaching, learning, or evaluation with any of the faculty of the department.
  - Any extra lectures engaged during the week were with the consent of the students of the class, but these lectures never exceeded 4-lectures a week for a course (every course ideally has 3 lectures in a week).
  - Lectures conducted online were never taken beyond the stipulated timings given by the institute (timetable given by the college)
2. The Goa University, in concurrence with the Government of Goa, has extended the term for the second half of the academic year.
3. The examinations, in accordance, are scheduled to commence in mid July.
4. The college authorities also co-ordinated with the concerned student who has expressed that she has no grievance as recorded by her earlier as the semester has been extended and the examination date has also been extended.

You may kindly note the above facts and oblige.

Sir,

This is to bring to your kind notice that  
Mr. Ritesh Borkar, AU180055 (Repeat) student of  
Basics of Human Geography has answered 2 CA's,  
out of 3 CA's. However, due to oversight the  
second CA was not assessed by me.

Below mentioned are the details of the marks scored  
in both the CA's of Semester II, Academic year 2020-21.

CA-I - Assignment - 17/30

CA-II - Video presentation - 10/30

CA-III - Absent

CA Total -  $\frac{27}{2} = \frac{13.5}{30} + \text{Semester End Exam. } \frac{22}{45}$
