| Date and year: | 16 th 17 th & 19 th February 2021 |
| Venue: | Flipped Classroom |
| Resource person/s: | Ms. Pooja Parab |
| Organising Committee | Department of Marathi |
| No. of Participants | 23 (altogether) |
| Objective: | The main objective of the workshop was to boost self-esteem in students and make them confident and fearless which will be useful to them towards achieving the optimal goals in academics as well as in their life. |
| Summary of the proceedings | <p>Confidence is a very important factor in student’s life. There is a direct relation between academic achievements and confidence. Confident students can handle stressful situations like public speaking, testing etc more efficiently than the under-confident students. Hence it is important to focus on how to build confidence in students. Keeping this in mind the department of Marathi had organized a three days workshop on ‘Building Confidence’ for the students of the department.</p> <p>The workshop was conducted in three different sessions on three different days. i.e. on 16th, 17th & on 19th February for TY, SY and FY respectively in Flipped classroom.</p> <p>For each batch the workshop started at 10.00 am. sharp and ended up at 12.30 to 1.00 pm. Ms. Pooja Parab, Personal Counsellor, Career and Personal counselling Cell, Parvatibai Chowgule College of Arts and Science (Autonomous), Margao-Goa was the resource person of the workshop. The sessions began with welcoming and discussing the objectives of the</p> |

session followed by guidance of resource person to the students and the students presentations. Further, the resource person gave feedback to the students and guided them on how to do an effective presentation.

The workshop proved beneficial to students as the resource person focused on all the important areas that acts as hurdles in students achievement and how to overcome them. The feedback from the students on the session was also collected.

| Title: | Internship programme in Data Computation in Applied Biological Sciences using R-Studio |
| Date and year: | 10 th February 2021 to 3 rd April 2021 |
| Venue: | Parvatibai Chowgule College of Arts & Science (Autonomous) |
| Resource person: | Mr. Stephen Jonah Dias |
| No. of Participants | 31 |
| Objective: | To provide students with skills and knowledge of statistical analysis commonly used in biological studies with the aid of statistical software. |
| Summary of the proceedings | <p>Dr. Nandini Vaz Fernandes, Dean, Faculty of Life Sciences organized a 120-hour equivalent online internship programme for the students of life science departments of Parvatibai Chowgule College of Arts & Science. The programme was conducted by Mr. Stephen Jonah Dias, Assistant Professor, Department of Zoology, Parvatibai Chowgule College from 10th February 2021 to 3rd April 2021. The objective of the intership programme was to provide students with skills and knowledge of statistical analysis commonly used in biological studies with the help of a statistical software i.e., R-Studio. A total of 31 SYBSC and TYBSc students of Botany, Biochemistry and Zoology departments attended the course. The goals of this programme were twofold:</p> <ol style="list-style-type: none">To give life science students the necessary background knowledge of computational analysis so-as-to enable them to analyze data for their final year project.To provide an opportunity to the students who were unable to complete an internship due to the covid-19 pandemic. <p><u>The programme had three principal units:</u></p> <ol style="list-style-type: none"><u>Unit-1 Introduction to R and R Studio:</u> In this unit, students were introduced to the workings of R and R-Studio. Some concepts covered here include the differences between R and R studio, the R studio work environment, Packages in R, Vocabulary and Grammar in R, importing data into R and viewing data in R. In addition, various rudimentary mathematical and statistical calculations were explained using the software. This includes BODMAS in R, rounding numbers, relationship between R and excel; Objects, variables, and functions in R. |

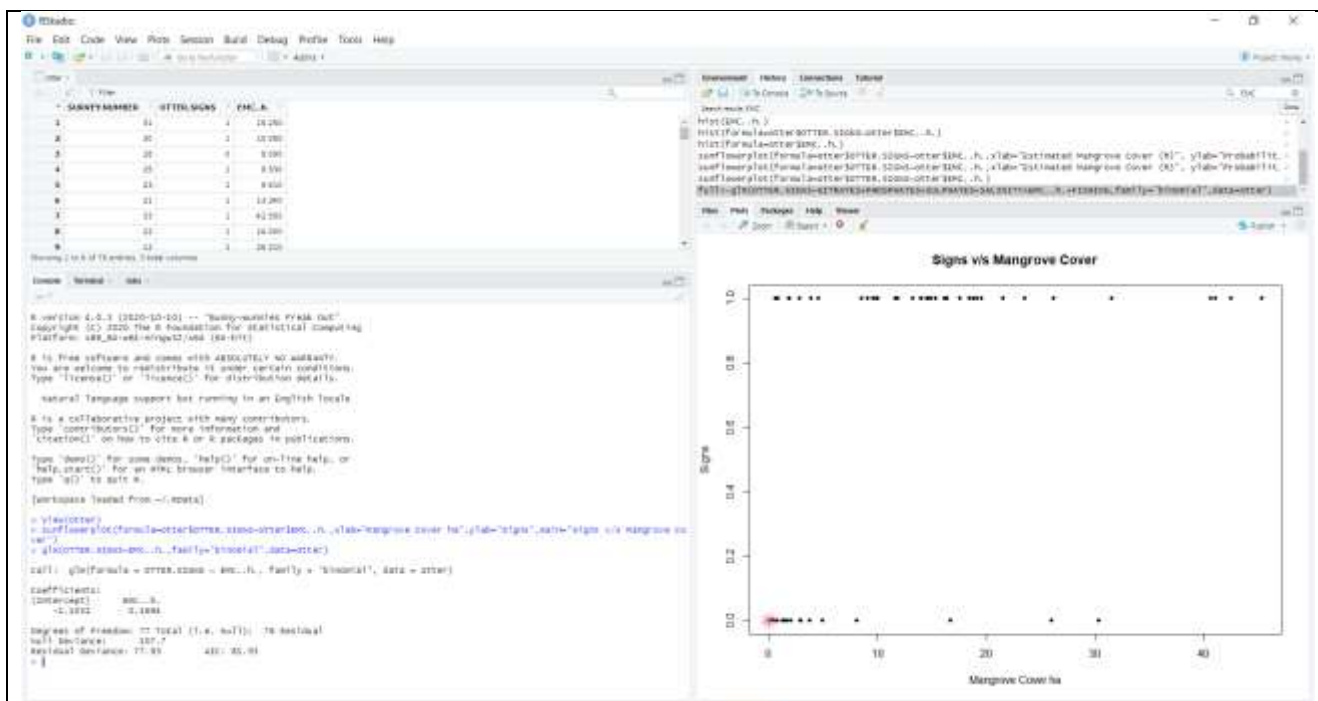

- b. Unit-2 Advanced statistics in Biological Sciences: In this unit, the students learned how to perform complex statistical analysis using R-Studio. Major topics covered in this unit include generalized linear modelling, data normalization, ANOVA-analysis, construction of histograms and plots (scatter, sunflower, box plot), and multimodal hypothesis testing using Akaike's Information Criterion (AIC).
- c. Unit-3 Project-based Activity: Throughout the duration of the teaching-learning process, the students were given several analysis-based activities to enable them to practice the various theoretical concepts taught during the course. To help in better understanding of the concepts, several real-world examples were taken, and the students were subsequently asked to perform data analysis using the concepts they learned in theory. Furthermore, the students were asked to run data analysis on hypothetical datasets to understand how outputs could vary depending on the variations in the data.

As the programme was conducted online, periodic feedback interactions were conducted for the students to clear any difficulties they may have faced whilst performing the homework-based activities. To gauge the level of understanding, a summative open book examination was conducted at the end of the programme. In addition, the students were asked to submit a process-based portfolio containing all their work throughout the course so as to monitor their learning growth and development.

INVITING EXPERTS

CREATIVE WRITING WORKSHOP & SHORT-TERM CERTIFICATE COURSE

WITH AUTHOR JESSICA FALEIRO

The Department of English organized a One Day Creative Writing Workshop on Travelogue Writing. The guest speaker was Ms. Jessica Faleiro, an internationally recognised novelist and a short story writer. The workshop was held on 29th August, 2018 from 9:15 a.m. to 1:30 p.m. in the college. The programme was coordinated by Dr. Sonia Fernandes da Costa, Head-Department of English. This was followed by a short-term certificate course of 30 hours in Short Story Writing from September - October 2018, where seven students completed the whole course.

TALKING TREE SERIES

WITH DR. RAJ RAO (GAY RIGHTS ACTIVIST & PROFESSOR)

*Date: 01.10.2018 Venue: AV Room, D Block
Audience in attendance: 74 students, 3 teachers
A Workshop was organized by the Dept. of English on the occasion of the visit of eminent scholar and nationally acclaimed gay-rights activist Dr. R. Raj Rao. He addressed the gathered audience on the topic of the classification of gender and sexuality under popularly used tags of self-expression. The objective of the workshop was to reacquaint the students regarding this topic so as to prepare them for their forthcoming Elective paper on the same. The Workshop also saw the wholehearted participation of the*

Masters students, who shall also be studying a Post-graduate level paper on the Gender & Sexuality. After a two hour session of teaching and intense discussion, the floor was opened to any questions, queries or doubts that the students might have had.

The event ended with an address of gratitude by Dr. R. Raj Rao.

Feedback regarding the event was majorly positive as it resulted in encouraging the students to contemplate the knowledge they recently acquired and continue the discussion in their respective classrooms.

CV WRITING WORKSHOP

AN ENGLISH DEPT. &
CTEL COLLABORATION

Over the time I have taught English communicative skills at the UG level, I realized that the students that had not opted for FC English were lacking the skills and ability to put together a reasonable Curriculum Vitae (CV). After approaching Asst. Prof. Andrew Barreto, in-charge of the Centre for Teaching Learning at Chowgules, it was decided that a workshop welcoming any applicant would be held. On 22nd February, 2020, 25 students joined in for a three hour session on the basics of CV Writing. The students that desired to walk away with a fully completed CV were asked to categorize and arrange their achievements as per a prescribed format. The workshop proved fruitful, as majority of the attendees were final year UG and PG students that would enter the job market very soon. The rest of the younger students shared that a good CV would definitely aid them when they apply for internship positions anywhere.

The Ignite Book Chat

The idea of the Ignite Book Chat was conceived one day when a group of students and I were sharing our dismay of the inability of our close friends not comprehending the literary references we made. All said and done, a common issue raised by all was that the student studying English Literature was treated as an all-knowing bookworm sort. The argument solidly put down was that new age media was taking away the allure of simply sitting by oneself and exploring the imagination of the author and pushing the reader's boundaries of constructive knowledge.

The MA Part 2 students of the English Language and Literature Teaching Course (ELLT) formed the core team of the Book Chat. They would each choose a book and design their own poster for it. Once this was done, a list of reading guidelines were put into place for us to make sure that the reader was accompanied through their journey from one end of the book to the other. Thus far we have covered memoirs, graphic novels, fiction books of various sort from authors Gillian Flynn, Agatha Christie, Yaa Giasi, Gene Luen Yang and Simon Schwartz. Due to the countrywide lockdown we have moved from cozy café nooks to Google Meet. Holding the chats online help us reach a wider audience. Do entertain the idea of joining us for our next Ignite Book Chat on 26th May on the book *Mostly Dead Things* by Kristen Arnett.

COMMUNITY OUTREACH ACTIVITIES BY DEPARTMENT OF ZOOLOGY (2019-2020)

Community Outreach activities By Department of Zoology: As part of social responsibility, the TYBSc students carry out community outreach activities every year since 2017, under the guidance of all the faculty members of the department. 11 community outreach activities were carried out by 55 students of department of Zoology.

- 1) ***Awareness on the various SC/ST schemes:*** The Community Outreach Activity to create awareness on the various SC/ST schemes was held from 17th to 20th December 2019 in Davorlim village. Total of 40 houses from Davorlim village were considered for the programme. The main aim of this activity was to spread awareness regarding the various SC/ST schemes provided by the government and its benefits. The students informed about the eligibility criteria and also the necessary documents essential to apply for the schemes and the contact person for the schemes. The students provided information regarding various schemes viz. Housing scheme, Saral Vidya Scheme, meritorious scholarship scheme, Kanya Dhan Scheme and others. Soft copy of the schemes was also shared with the community.

- 2) ***Beach cleaning and awareness on importance of marine life:*** The community outreach programme was carried out at Varca Beach, Majorda Beach and Utorda Beach. It involved interaction with the local community of these coastal areas, tourists and shack owners. A questionnaire was administered to know their level of awareness of beach pollution and its consequences. About 50 people answered the questionnaire survey, giving out their opinions and suggestions on maintaining the cleanliness of the sea shore. The students also carried out beach cleaning activities. The main aim of this was to highlight the importance of cleanliness of the beaches and the need to maintain it.

- 3) ***Awareness on the plastic pollution:*** As a part of the community outreach activity, an awareness drive on plastic pollution was carried out on 17th and 18th December 2019 in Gogol. The main aim of this activity was to create awareness regarding the plastic pollution and its effects on the environment. A short questionnaire was prepared to understand the public opinion on plastic pollution. The students surveyed a total of 50 houses, hotels, cafes, cake shops, and liquor shop. The students explained the harmful effects of plastic to the animals and environment. They also suggested alternatives of saying no to plastic straw and using environment friendly material instead of plastic.

- 4) ***Highlight the importance of physical fitness:***The community outreach activity on awareness on importance of Physical fitness/exercise was carried out from 17th-20th December 2019 in Gogol, Margao. The students surveyed a total of 110 individuals with the help of a questionnaire. It was observed that 70% of the individuals were not aware of dietary causes of “obesity” and its association with lack of physical activity. The students explained the importance of maintaining a healthy diet and including some form of physical activity such as walking and jogging in their daily routine.

- 5) ***Awareness on the importance of personal hygiene:*** As a part of the community outreach activity, awareness on the importance of personal hygiene and ringworm infection was carried out from 17th-20th December 2019 in Gogol, Margao. The students surveyed a total of 109 individuals with the help of a questionnaire. 10% of the people interviewed had contacted ringworm infection earlier. The students also informed about ringworm infection and how it can be avoided and controlled.

6) **Awareness on Malaria and Dengue:** The community outreach was conducted in two localities near Chowgule College, namely Housing board and Agalli, from the 21st to the 23rd of December, 2019. The students surveyed a total of 20 houses. 20% of the people surveyed had family members who had suffered from either malaria or Dengue. The students informed that the diseases were curable, but if not intervened can lead to the death of the individual. The symptoms of the diseases and need for seeking medical help if these symptoms are seen was conveyed to the community. People were informed about the causes, diagnosis and treatment of these diseases. Preventive measures for the same were also explained.

7) **Motivation campaign for blood donation:** The community outreach was conducted in two localities in Housing board and Agalli, from the 21st to the 23rd of December, 2019. Altogether 80 houses were surveyed and made aware about blood donations and its importance as social virtue. The main objective of the program was to motivate people to donate blood. They were informed about how blood donations would save many lives. They also explained about the different blood donation services.

8) **Road safety awareness:** was held on 17th and 18th December 2019 in Arlem and Curtorim. The students prepared a questionnaire regarding road safety and traffic laws. A chart containing all traffic signals was also shown to every household, in order to make them familiar. A total of 25 houses were covered, most of them being apartments in a complex. Most of the people had some strong opinions about traffic laws and fines. According to about 80% of the people interviewed, the increase in traffic fines was justified, as they thought it is a stronger way to implement traffic rules. At the same time about 90% of the people felt that proper road and maintenance are directly proportional to road safety.

9) **Preventing Malnutrition:** A community outreach programme was conducted on 18th December 2019 to create awareness on "Importance on Having a Healthy Diet". Total of 17 houses were surveyed. A Performa was prepared to obtain information about the food habits, food allergies etc. A chart on healthy diet as approved by WHO was provided to the people, especially to make them understand the dietary requirements of children, adults and elderly.

10) Importance on Sleep: This community outreach programme was conducted from 16th -18th December 2019. Total of 31 individuals were surveyed. A questionnaire was prepared to obtain information on individuals' sleeping pattern, duration of sleep etc. 41% of the individuals had a problem of disturbed sleep but did not show any symptoms of insomnia. Students and the working individuals were explained about the importance of sleep and its effects on their health and ill effect of induced sleep using sleeping pills.

11) Organic Farming: The community outreach activity was conducted on organic farming from 13th to 23rd January in Borda. The local community was informed about simple strategies of adopting organic farming at their homes. They were informed about concept of bioaccumulation and biomagnifications and leaching of chemical fertilizers into the surrounding water bodies.

CREATIVE WRITING WORKSHOP & SHORT-TERM CERTIFICATE COURSE

WITH AUTHOR JESSICA FALEIRO

The Department of English organized a One Day Creative Writing Workshop on Travelogue Writing. The guest speaker was Ms. Jessica Faleiro, an internationally recognised novelist and a short story writer. The workshop was held on 29th August, 2018 from 9:15 a.m. to 1:30 p.m. in the college. The programme was coordinated by Dr. Sonia Fernandes da Costa, Head-Department of English. This was followed by a short-term certificate course of 30 hours in Short Story Writing from September - October 2018, where seven students completed the whole course.

TALKING TREE SERIES

WITH DR. RAJ RAO (GAY RIGHTS ACTIVIST & PROFESSOR)

Date: 01.10.2018 Venue: AV Room, D Block
Audience in attendance: 74 students, 3 teachers
A Workshop was organized by the Dept. of English on the occasion of the visit of eminent scholar and nationally acclaimed gay-rights activist Dr. R. Raj Rao. He addressed the gathered audience on the topic of the classification of gender and sexuality under popularly used tags of self-expression. The objective of the workshop was to reacquaint the students regarding this topic so as to prepare them for their forthcoming Elective paper on the same. The Workshop also saw the wholehearted participation of the

Masters students, who shall also be studying a Post-graduate level paper on the Gender & Sexuality. After a two hour session of teaching and intense discussion, the floor was opened to any questions, queries or doubts that the students might have had.

The event ended with an address of gratitude by Dr. R. Raj Rao.

Feedback regarding the event was majorly positive as it resulted in encouraging the students to contemplate the knowledge they recently acquired and continue the discussion in their respective classrooms.

| Title: | Special Induction Programme |
| Date and year: | 27 th June 2018- 29 th June 2018 |
| Venue: | A-202,ParvatibaiChowgule College of Arts and Science |
| Resource person/s: | Department Faculty Members |
| Organising Committee | Department of Zoology |
| No. of Participants | 150 |
| Objective: | To acquaint students with the department culture, modes of assessment and the activity planned for the academic year. |
| Summary of the proceedings | <p>The department of zoology conducted a 'Special Orientation Program'. The students of FYBSc, SYBSc and TYBSc, were oriented on various issues viz examination pattern, theory and practical assessment modes, activities planned for the year 2018-2019 and departmental events, club, delegation of responsibilities for campus activities, usage of CLAAP, Google classroom, etc. The FYBSc students were also given sessions on 'Problem Solving skills' and 'Thinking skills.</p> <p>The sessions conducted were allotted as follows:</p> <p>Session by Dr. Nandini Vaz Fernandes:</p> <p>1) Soft Skills:</p> <p>Students were explained the importance of thinking skills inorder to develop the mind to effectively solve problems rationally and logically. Students were taught Logical Thinking skills, Lateral thinking skills and Creative thinking skills which are vital for problem solving.</p> <p>Students were also taught 'Problem Solving Steps'. These skills are very important for students as the department adopts higher order thinking (blooms taxonomy) based T-L-E methods .</p> |

2) Effective ways of answering exams

This orientation was mainly focused for the FY and SY students. Problem based learning is one of the components for each of their CA, so it is important for students to know how to solve higher order questions. Semester paper includes 30-40% of higher order questions, in order to qualify for the next grade students should be able to know the effective ways of answering exams.

Session by Ms. Madhu Balekai:

Practical procedures, butterfly garden and vermicomposting.

1) Practical procedures: Department of zoology has a specific way of conducting practical's and assessment. It is made very clear to the students about the practical procedure and the assessment. They are made familiar with the rubrics of practical assessment.

2) Butterfly garden: The department of Zoology took an initiative of creating a butterfly garden in the campus, which was inaugurated on 2nd October, 2017. The butterfly garden displays the photographs and names of butterflies present in the campus, recorded over a period of three years by Dr. Nandini Vaz Fernandes. It is mandatory for every student of the department to be a part of the butterfly garden and help in development of it.

Session by Ms. Andrea D'Souza:

1) Modes of assessment and Community outreach programme- Students were made familiar with the different modes of assessment and rubrics. Community outreach programme is compulsory activity for every TY student.

Session by Ms. Tessa:

1) **CLAAP usage and collection of internship report-** Students were made conversant with the usage of CLAAP.

Session by Ms. Gautami :

1) **Activities of the department-** Entire department activity chart along with schedule was shown to students.

Session by Mr. Stephen:

1) **Chowgule's birders club-** This club was initiated in the year 2015. Students were made familiar with the activity planned for the academic year.

Class activity- Problem to solve...

- Write down a problem.
- Plan out step wise method of solving the problem.

....Start now....

CREATIVE THINKING

27th to 29th June 2018

Dr. Nandini Vaz Fernandes

Brain Dominance

Left Brain / Convergent Thinkers

- have a systematic approach and play by rules.
- They analyse everything and conclude logically.

Right brain / Divergent Thinkers

- are creative and have a tendency to bend the rules.
- They are artistic and always looking for ways to express themselves.

INVITING EXPERTS

CREATIVE WRITING WORKSHOP & SHORT-TERM CERTIFICATE COURSE

WITH AUTHOR JESSICA FALEIRO

The Department of English organized a One Day Creative Writing Workshop on Travelogue Writing. The guest speaker was Ms. Jessica Faleiro, an internationally recognised novelist and a short story writer. The workshop was held on 29th August, 2018 from 9:15 a.m. to 1:30 p.m. in the college. The programme was coordinated by Dr. Sonia Fernandes da Costa, Head-Department of English. This was followed by a short-term certificate course of 30 hours in Short Story Writing from September - October 2018, where seven students completed the whole course.

TALKING TREE SERIES

WITH DR. RAJ RAO (GAY RIGHTS ACTIVIST & PROFESSOR)

Date: 01.10.2018 Venue: AV Room, D Block
Audience in attendance: 74 students, 3 teachers
A Workshop was organized by the Dept. of English on the occasion of the visit of eminent scholar and nationally acclaimed gay-rights activist Dr. R. Raj Rao. He addressed the gathered audience on the topic of the classification of gender and sexuality under popularly used tags of self-expression. The objective of the workshop was to reacquaint the students regarding this topic so as to prepare them for their forthcoming Elective paper on the same.
The Workshop also saw the wholehearted participation of the

Masters students, who shall also be studying a Post-graduate level paper on the Gender & Sexuality. After a two hour session of teaching and intense discussion, the floor was opened to any questions, queries or doubts that the students might have had.

The event ended with an address of gratitude by Dr. R. Raj Rao.

Feedback regarding the event was majorly positive as it resulted in encouraging the students to contemplate the knowledge they recently acquired and continue the discussion in their respective classrooms.

To introduce participants to computation and exploring computation with spreadsheets for learning Physics concepts. 2. To facilitate participants to try hands on new problems on laptops themselves. |
| Summary of the proceedings | <p>The workshop began with an welcome address and introductory remarks by coordinator of the workshop Mr. Yatin P. Desai. The first session was conducted by Prof. Ahluwalia on computational Physics. He highlighted how doing science has improved after the advent of this classic software. He made familiar to students all the features of the this graphing package. He emphasized that this just not the graphing tool but features calculations, pivot tables, and a macro programming language called Visual Basic for Applications. He illustrated the use spreadsheets to enhance Physics learning. The second session was conducted by Dr. Sarmistha Sahu on 'Hands-on' working with spread sheet for harmonic potential and illustrated how the plot deviates for anharmonic potentials. Student participants were made to work by themselves on this problem. They were monitored and guided by resource persons and the faculty of Physics Department. In the next seesion Prof. Ahluwalia conducted the case studies using spreadsheets for various Physics problems. In the final session, Dr. Sarmistha Sahu explained the beauty of quantum harmonic oscillator using computational approach. At the end of the workshop, Prof. Ahluwalia and Dr. Sarmistha Sahu thanked the Management, Principal and organizing team of the workshop for the hospitality and giving them the opportunity to conduct this workshop.</p> |

| Objective: | To provide hands on training in QGIS and Google Earth |
| Summary of the proceedings | <p>The Department of Geology in collaboration Geotech GIS training institute and consultancy organized a two days short term training program on GIS, hands on exercises in QGIS and Google Earth, on 22 nd and 23 rd of February 2019. The workshop was conducted in the flipped classroom (D103) at Parvatibai Chowgule College of Arts and Science Autonomous. The workshop was attended by 18 participants including 16 students and two faculty members. The resource persons for the workshop were Dr. Aniket Borgawkar, Vikas Ghadamode, Shivali Deshmukh.</p> <p>Session began with the introduction of the resource persons followed by inaugural speech by, the Vice principal and Head of the Department, Professor Harish Nadkarni. On day one the participants were introduced to the basics of Remote sensing, Components of GIS and its application this was followed by introduction to QGIS Software its Structure, Menus, Introduction to Plugins, hands on</p> |

The day concluded with participants creating their first map using QGIS.</p> <p>Day two began with exercises on stream ordering and delineating watershed boundaries. This was followed by introduction to DEM, participants were taught how to extract DEM images from online portals such as USGS and then merge them in QGIS for further analysis. Participants created various map such as Slope, Hillshade, Aspect, Contour using SRTM data downloaded from the USGS portal. The participants were then introduced to Google earth, integrating Google earth data with QGIS.</p> <p>Participants were also taught how to convert excel data into shapefile. Participants created various maps using the data provided to them. Workshop concluded with a valedictory function which started with a vote of thanks to the resource persons this was followed by feedback from the participants and the distribution of certificates by the hands of Prof Harish Nadkarni and Dr Meghana Devli.</p> <p>Sincerely, Malcolm Afonso (Workshop Coordinator)</p> |

| Title: | Orientation on Thinking Skills |
| Date and year: | 17/06/2017 |
| Venue: | A-202, Parvatibai Chowgule College of Arts and Science |
| Resource person/s: | Dr. Nandini Vaz Fernandes |
| Organising Committee | Department of Zoology |
| No. of Participants | 35 |
| Objective: | To acquaint students with the department culture, modes of assessment and the activity planned for the academic year. |
| Summary of the proceedings | <p>The department of zoology conducted session on soft skills for the students of FYBSc. The students were first oriented on various issues viz examination pattern, theory and practical assessment modes, activities planned for the year 2015-16 and departmental events, delegation of responsibilities for campus activities, usage of CLAAP, etc. The FYBSc students were also given sessions on 'Problem Solving skills' and 'Thinking skills'. The sessions conducted by Dr. Nandini Vaz Fernandes.</p> <p>Soft Skills: Students were explained the importance of thinking skills in order to develop the mind to effectively solve problems rationally and logically. Students were taught Logical Thinking skills, Lateral thinking skills and Creative thinking skills which are vital for problem solving. Students were also taught 'Problem Solving Steps'. These skills are very important for students as the department adopts higher order thinking (blooms taxonomy) based T-L-E methods.</p> |

CREATIVE WRITING WORKSHOP!

On the 17th of August 2017, a writing workshop was conducted in the lower auditorium of Parvatibai Chowgule College of Arts and Science. The workshop began at 9.00 am and continued until 1.00 pm, with a short refreshment break held in between. The workshop was conducted

by Miss Jessica Faleiro who has published several articles, poems and short stories over the years. Her most recent book is called "Goan Ghost stories", and deals with the paranormal as the title suggests. She is also an avid traveler and keeps a blog of her life and journeys. Besides these notable accomplishments she was also exceptionally easy

to talk to which made the whole experience all the more fun. The workshop's main aim was to show us the basic elements of story

writing, which is structuring and plot line, as well as to show us various ways to get inspiration.

The workshop began with a short introduction of each student and flowed from there. The experience was amazing. Jessica Faleiro not only gave us pointers on how to improve our writing, but also shared her own experiences and ideas,

which was a nice touch and managed to motivate us to want to write more as well. She also told us of various opportunities coming up in the literary world through which we could showcase our writing. The workshop was short but very helpful. There was talk of having Miss Faleiro hold

an extended writing course next year, which I would love to attend, as I am sure most students interested in writing would! To conclude the workshop was a clear success and the only disappointment was that it ended too fast!

26-28 Jan'18 Report- Entrepreneurship Awareness Camp

At Chowgule College Auditorium

The Enthusiastic 71 students for the Entrepreneurship Camp

A three day Entrepreneurship Awareness Camp was organised by Chowgule College in association with Don Bosco College of Engineering and Entrepreneurship Development Institute of India (EDII) from 26th Jan to 28th Jan 2018.

The camp started with some inspiration from Principal Dr. Sawant, who encouraged students to come up with ideas and assured them that Chowgule College will provide all the necessary support and connect with industries to bring these ideas as live start up projects. Dr. Sawant gave a wonderful example of thinking out of the box and being aware about an idea, opportunity which can come to you anytime.

Principal Dr Nandkumar Sawant inspiring students on Innovation and Ideas

Think out of the Box

The first session was delivered by Training and Placement Officer Rajesh Gaonkar (also the coordinator of the camp along with Marketing Officer Vasant Hede from Chowgule College) on understanding what is entrepreneurship, history of entrepreneurship and innovation. With some good examples around the world of good and great entrepreneurs like the Reliance Godrej, Wipro , Infosys etc. Rajesh took some hands on activities with the students (71 students in total with majority students from T.Y. B.Sc.) where they understood concepts like, thinking out of the box, innovation, risk taking attitude etc.

How to Start a Small Scale Industrial Business Unit

The second session was on how to start a Small Scale Industrial Unit (SSI) delivered by Entrepreneurship Development Institute Manager Tushar Samant from Centre for Incubation and Business Acceleration (CIBA) Verna Goa. Tushar through his witty style and diction, first redefined entrepreneurship and starting a startup venture. He was honest in his opinion to let the students know that having a relentless will power and a constant desire to achieve your dream are the important ingredients for successful business ventures. He argued that definitely having interest and a skill is very essential for any startup venture, but stressed on the fact that the desire to achieve your dream will encourage an entrepreneur from time to time to update himself and hire skillful resources on the journey of entrepreneurship. He gave some wonderful examples of various entrepreneurs who started their journeys through freelance works and also questioned the Goan mentality to look only for government jobs.

Government Facilities and Schemes for Entrepreneurs

Resource Person Aarti Desai from CIBA gave us information about various schemes such as Chief Ministers Rojgaar Yojna (CMRY) and others that are available for all men and women in Goa to get a loan upto 20 lakhs to start their start up. She encouraged students to come to CIBA and know more about these facilities and avail this facility and start with their dream projects.

Aarti desai taking a session on Govt. facilities and schemes for start-ups

Finding Opportunities in Market for Entrepreneurship

Jervis Pereira CEO of Goa Entrepreneurship Mentorship Services shared some amazing facts about various successful startups based in Goa who are developing world class products. In a hilarious and interactive session he made students understand not to look down upon anything in life and encouraged students to embrace one of the most important quality of entrepreneur 'to solve problems in communities'. He mentioned various successful examples where entrepreneurs have used technology and developed solutions like the coconut plucking machine, extra virgin coconut oil producer, household problem fixing companies to name a few.

Creativity and Business

Founder and CEO of an architecture firm, Tallulah D'Silva (Alumnus of Chowgule College)kept all the students captivated with her eco friendly and green creative architectural designs. She gave a tip to all budding entrepreneurs to work smart and always look for doing less but doing smart. She focussed on maintaining ethics and also the environment into consideration while doing business. Being a peoples person, she stressed on how each one of us can exercise choice in our lives and share it with the community so that we can all reap the benefits of such practices together and develop a business model around it.

She got students involved in a hands on activity where the students build a tent for outdoors in less than 20 minutes.

Life Cycle of Business

Mangirish Salelkar (alumnus of Chowgule College) President of Goa technology Association and CEO Umang Software Technologies gave some deep insights on how Indian Economy has been focussed on businesses in service Industry . He shared examples of his company and his entrepreneurial journey from 2004 and stressed that Market Research is the most important stepping stone for a good business plan and how often many business skip this essential step and are over enthusiastic about launching the business.

Successful Entrepreneurs

Sushant Surlaker shared his wisdom for being in business for last 23 years in various sectors such as IT, Event Management and Training. He mentioned the various qualities such as good observation, perseverance, desire to achieve; an entrepreneur should possess and also practice them regularly.

Business Communication

Vivid Pawasker Soft Skills Trainer and English teacher at Mallikarjun College Canacona in his humorous session gave some amazing examples of how an entrepreneur should communicate effectively and gave a set of online tools such as 'Mind tools' which every budding entrepreneur should use to stay focussed and determined on their entrepreneurship journey.

For each activity at least 60 houses were targeted. The activities were conducted by TYBSc students under the guidance of Dr. Nandini, Ms. Madhu, Ms. Tessa, Ms. Andrea and Ms. Ashneha. Various outreach activities conducted were:</p> <ul style="list-style-type: none">• Blood Donation- Blood donation is a voluntary procedure that can help save the lives of others. There are several types of blood donation, which help meet different medical needs.• Kitchen Waste Management and Compost- Composting is one of the simplest ways of contributing positively to waste management, and one you can easily do at home.• Vitamin D Deficiency- Vitamin D deficiency can lead to a loss of bone density, which can contribute to osteoporosis and fractures (broken bones). Severe vitamin D deficiency can also lead to other diseases. In children, it can cause rickets. Rickets is a rare disease that causes the bones to become soft and bend.• Nutrition Requirement of Children- Nutrition for kids is based on the same principles as nutrition for adults. Everyone |

needs the same types of nutrients — such as vitamins, minerals, carbohydrates, protein and fat. Children, however, need different amounts of specific nutrients at different ages.

- **Sanitary Hygiene**-Sanitation is the effective use of tools and actions that keep our environment healthy. These include latrines or toilets to manage waste, food preparation, washing stations, effective drainage and other such mechanisms. Hygiene is a set of personal practices that contribute to good health.
- **Garbage Segregation**-Waste segregation" means dividing waste into dry and wet. Dry waste includes wood and related products, metals and glass. Wet waste typically refers to organic waste usually generated by eating establishments and are heavy in weight due to dampness.
- **Importance of Immunization**-Getting immunized is important for at least two reasons: to protect yourself and to protect those around you. Vaccines are the best way we have to prevent infectious disease. A successful immunization program depends on the co-operation of every person.

The resource persons for the workshop were Mr. Rovin Vaz, Assistant Professor from Department of Mathematics (for Numerical Techniques) and Mr. Wendham Gray, Assistant Professor from Department of Computer science (for Python Programming). Morning session was devoted to learning the Numerical Methods required to find the approximate solutions to ordinary <i>differential</i> equations. Evening session was devoted to learning the basics of Python programming language such as syntax and concepts which included variables, conditionals and loops. Students learnt concepts and techniques which will be useful for higher studies, especially research in theoretical Physics. | Title: | Workshop on Python Programming |
| Date and year: | 8 th – 12 th May 2018 |
| Venue: | M. Sc. IT Laboratory, Parvatibai Chowgule College of Arts and Science |
| Resource person/s: | Mr. Castor Godinho |
| No. of Participants | 16 |
| Objective: | The objective of the workshop was to introduce to the students the Python programming language. |
| Summary of the proceedings | Department of Physics organized a workshop on Python programming for the Third and Second Year B.Sc. Physics students from 8 th May 2018 to 12 th May 2018 at the M. Sc. IT Laboratory. The resource person for this workshop was Mr. Castor Godinho from the Dept. of Computer Science. The objective of the workshop was to introduce to the students the Python programming language, which is a flexible programming language designed partly for readability and ease of programming. Python can be extensively used to create simulations of various physical phenomena. Fourteen students along with the faculty of the Physics department, Yatin Desai and Ashish M. Desai attended the workshop. |

|-----------------------------------|---|
| Title: | Orientation on Thinking Skills |
| Date and year: | 16/06/2016 |
| Venue: | A-202, Parvatibai Chowgule College of Arts and Science |
| Resource person/s: | Dr. Nandini Vaz Fernandes |
| Organising Committee | Department of Zoology |
| No. of Participants | 35 |
| Objective: | To acquaint students with the department culture, modes of assessment and the activity planned for the academic year. |
| Summary of the proceedings | <p>The department of zoology conducted session on soft skills for the students of FYBSc. The students were first oriented on various issues viz examination pattern, theory and practical assessment modes, activities planned for the year 2015-16 and departmental events, delegation of responsibilities for campus activities, usage of CLAAP, etc. The FYBSc students were also given sessions on 'Problem Solving skills' and 'Thinking skills'. The sessions conducted by Dr. Nandini Vaz Fernandes.</p> <p>Soft Skills: Students were explained the importance of thinking skills in order to develop the mind to effectively solve problems rationally and logically. Students were taught Logical Thinking skills, Lateral thinking skills and Creative thinking skills which are vital for problem solving. Students were also taught 'Problem Solving Steps'. These skills are very important for students as the department adopts higher order thinking (blooms taxonomy) based T-L-E methods.</p> |

“WRITING FICTION” Workshop

Department of English of our college conducted a workshop on 16th of December, 2016 about “WRITING FICTION” or short story writing. Guest Speaker called was Jessica Fallerio. Who's author of a short story book called **Afterlife**.

Session started exactly at 9'o clock in the morning. It was conducted in Conference room of our college and there were about 20 students from various departments along with professors of English department.

Workshop got interesting right from the beginning itself. Introduction contained 2 questions apart from the regular ones – What do you write and when did you start writing.

Speaker explained about how to engage senses. And gave a read of her book 'After-life', followed by elements of short story : Setting, Theme, Character(Development), Incident and of course – Plot. She also spoke about style of writing and Point of view. And gave us some very helpful tips about the same.

In between while explaining she gave a lot of writing exercises. Which almost none of us found challenging. One of them was about making up a character, eventually same exercise turned into a short story.

During the Questions and Doubts round I raised a issue on challenges of Editing, to which she agreed she even said, let me quote her : “Writing is 90% Editing.” Editing of course is the most difficult part I've experienced this myself (Oh by the way I myself have a short story book which I'm apparently too lazy to edit. I wrote it during summer vacations but it requires a lot of editing. So I've experienced this personally) because you've to sit down, read everything paragraph by paragraph and even go

to the level where you basically start questioning yourself “Does this word even suit in this context/paragraph”. She suggested to hire an editor. And “Chair. Gum. Bum”

Session concluded with some 'Home-work' which is due for her next session in feb and by vote of thanks proposed by Loretta Rodrigues.

- **Shubham Verlekar (FYBA)**

Tip from Session for Writers: **SHOW, DON'T TELL**

Telling is: *“Emma is excited”*

In telling you don't evoke emotions in reader.

In **SHOWING** you do *“Emma's mouth formed a small 'o' as she clapped her hands, rushing to pick up the present that lay in front of her. The huge grin never left her face as she ripped off the packaging, and a delighted squeal burst from her as she revealed the gift.”*
