Feedback Recommendations of 2022-23

1. Employers:

- a. The employers feedback across programs presented the need to focus on written ,oral communication and practical hands-on skills.

2. **Alumni:** The feedback from alumni presented a scope for improving areas like Research Aptitude and Leadership Skills appear to be the weakest points based on this feedback and might need further introspection and improvement.

Students seem to be pushing for a holistic approach to education that blends technical skills, practical application, and soft skills. They value a balance of theory and hands-on experience, underscoring the importance of adaptability and a broadened perspective in today's world. The feedback suggests the institution might consider evaluating and possibly revamping its curriculum, pedagogy, and resources to address these areas.

3. Teachers:

If need be certain courses to be relooked to be replaced by newcourses to align with the needs of the stake holders based on the inputs received in the context of NEP 2020.

Ensure to float Short term certificate courses that are not offered but are in demand may be provided as short term courses/certificate courses

Obtaining Feedbacks. Revision of curriculum based on: Industrial/employment sector visit to check jobrequirements. Feedback from employers

4. Students:

- a. Course Content: There is need to provide students the rational of the course content and a course content that will be driven with an outcome related to building skills for their career.
- b. The feedback although favourable in all four parameters shows that there is scope for improvement in each of the parameter but more especially where Academic Support is concerned that saw a dip. There is a need for a serious introspection on the need to improve academic support to the students in the quest of making the curriculum more enhancing and enriching.

Actions Taken Report 2022-23

In order to accommodate the feedback recommendations of the IQAC of the college took up the implementation of the NEP 2020. Academic year 2022-23

Department of Physics

Action taken Report as minuted from the BOS meeting 2022-23

1. The list of courses under the nomenclatures Discipline Core (Major & Minor), Skill enhancement course, and Multidisciplinary course to be offered by the Department of Physics under NEP 2020 presented in Annexure
2. The syllabi of the Semester I and II courses to be offered under NEP 2020 presented in Annexure B.
3. The syllabus of the course Nuclear and Elementary Particle Physics and Introduction to
4. Material Science offered in Semester VI presented in Annexure B.
5. Revised course learning outcomes of Semester IV and Semester VI courses presented in Annexure B.

Academic year 2022-23

Department of Zoology

Action taken Report as minuted from the BOS meeting 2022-23

B.Sc. Zoology

1. COURSE STRUCTURE:

Resolution After due deliberation the Course structure and List of course for BSc Zoology as per the Course structure of the college based on NEP 2020, was approved by all the members (Annexure A).

2. COURSE SYLLABI:

a. Major Discipline Specific Core Courses

UG-ZOO-101: Animal Diversity: Non-Chordates and Chordates - BoS members suggested including local species in the practical component of the “Animal Diversity: Non Chordates and Chordates.

UG-ZOO-103: Cell and Molecular Biology approved as presented.

Resolution: After incorporation of the suggestions received the proposed syllabi of UG-ZOO-101: Animal Diversity: Non-Chordates and Chordates and UG-ZOO-103: Cell and Molecular Biology was approved by the BoS members

b. Minor Core Courses

UG-ZOO-102- Introduction to Animal Diversity: Suggested to include local species in the practical component.

UG-ZOO-104- Techniques of Cell Study and Cell Chemistry approved as presented.

Resolution: After due deliberation, the proposed syllabus for the two minor core courses was approved by the BoS members.

c. Skill enhancement course

UG-ZOO-SEC1-Waste Management Techniques –Suggested to add visit to Sewage treatment plant/Waste disposal plant in the practical component.

UG-ZOO-SEC2-Bioentrepreneurship – suggested to add ISO to the theory component.

Resolution: After incorporation of the suggestions received the proposed syllabi of UG-ZOO-SEC 1: Waste Management Techniques and UG-ZOO-SEC 2: Bio-entrepreneurship were approved by the BOS members.

d. Value added course

UG-ZOO-VAC 1-Environment Protection Practices - suggested to add CRZ and EIA to unit 02; Permaculture and sustainable agricultural ecosystem to unit 3 and prevention of forest fires in Unit 5The syllabus was presented in detail by the Chairman to the BoS members.

Resolution: After incorporation of the suggestions received the proposed syllabus of UG ZOO-VAC 1-Environment Protection Practices was approved by the BOS members
