REPORT WORKSHOP ON 'CREATING VIDEOS USING OBS'

FOR FACULTY OF LIFE SCIENCES
(Biotechnology, Biochemistry, Botany, & Zoology)

Title:	Workshop on 'Creating Videos using OBS'
Date and year:	08 th July 2020
Venue:	Zoology lab (1.30 – 3.30 pm)
Organised by:	Dr. Nandini Vaz Fernandes Dean- Faculty of Life Sciences
Resource person/s:	Mr. Aresh Naik Mr. Ashish Ashwin Dr. Uma Masur
No. of Participants	19
Objective:	To enable students to faculty members to prepare Videos for online teaching for academic year 2020-21.
Summary of the proceedings	Prof. Nandkumar Sawant welcomed the life science faculty and explained the need for organizing the workshop. Dr. Nandini Vaz Fernandes explained the objective of the workshop. Mr. Aresh and Mr. Ashish Ashwin, explained the use of different features of OBS Software and how a lecture video can be created by Teachers using the software. The teachers were shown use of different features to integrate PPTs and videos and create a professional video which can be uploaded on CLAAP/Google classroom. All faculty members created videos under the guidance of Mr. Aresh Naik, Mr. Ashish Ashwin and Dr. Uma Masur

Anand Masur, Ms. Ashweta Fondekar, Mr. Ashwini Ashish, Mr. Castor Godinho, Dr. Starlaine Mascarenhas, Ms. Lactina Gonsalves, Ms. Roopa Belurkar, Ms. Sangeeta Sankhalkar, Ms. Sangeeta Subhash, Ms. Shefali Ainkar, Ms. Supriya Khorjuvenkar

Summary of the Feedback

Two feedback forms were shared and the summary of both are shared below.

As taken on 12.08.2020 (4 respondents): Considering the subject matter covered in these sessions, 50% said subject matter was somewhat relevant, 25% said that it was very relevant, 25% said the subject matter was extremely relevant. In relation to overall rating of the speakers, 50% rated the speakers as very good and 50% rated the speakers as excellent. Most staff members attended most sessions and enjoyed most sessions. The most enjoyable sessions were, laughter sessions and ones with music. In response to what was most helpful/useful, the respondents said that they found that the breathing exercises, the various topics discussed, tips to keep mind refreshed, relief of stress. All this led to good, peaceful and relaxed beginning of the day and, helped to work better. The respondents suggested that they experienced changes such as, they became calmer and composed, more aware of themselves.

As taken on 27.07.2020 (21 respondents): Considering the subject matter covered in these sessions, 52.4% said that subject matter was very relevant, 28.6% said extremely relevant, 14.3% said somewhat relevant, and 4.8% said that the subject matter was not so relevant. In relation to overall rating of the speakers, 71.4% said the speakers were excellent, 28.6% said that they were very good. In response to what was most helpful/useful, the respondents said that they found the overall meditation sessions, breathing exercises (pranayama), the session on attitude, thereflection on various aspects, all the sessions with music, sessions on laughter very useful and helpful. All the respondents suggested that these kind of sessions should be held more often and regularly.

REPORT
WORKSHOP ON CHUNKING

Organised by: Centre for Teaching Learning

Resource Person: Dr.(Ms).Sameena Falleiro

Dated: 6th August, 2020

Timing: 11:00 am - 12.30pm

Venue: Flipped Classroom of CTL

Number of Faculty attended: 05

Centre for Teaching Learning of Parvatibai Chowgule College of Arts and Science, Autonomous organised a One Day workshop on “Chunking” for Faculty Members of the College.

The main objectives of the Workshop were to introduce the concept of “Chunking” to the Faculty. This technique helps in organising and breaking down a video lecture into several related parts of information. In doing this the students find it easier to assimilate the information that the Faculty shares through videos.

Following were the topics that were covered:

Principle of Chunking: Breaking the content into smaller, meaningful units.

How to chunk content if you are creating your own video?

- Identify naturally occurring “pause” points.
- Pause points occur when:
 - An example can be given for the topic
 - Topic goes into greater details
 - There is a branching to a slightly different topic
 - There is a need for clarification via question
 - Do a demo; solve a problem; give an activity
- Above mentioned are “conceptual” pause points.
- Create a new video after each pause point.
- For **time-based** chunking: decide suitable time duration for the video such that the learner stays engaged. The video should not be too long.

How to chunk existing videos?

- If you find suitable videos that have been already created but are too “long”
 - Use video editing software to cut videos into shorter ones.
 - Tools – TubeChop, Youtube Trimmer, YTCropper

The Resource person explained the concept of chunking and shared the importance and various methods in which chunking can be done. The participants were later told to break into groups of their subject and work on a topic. Following which they had to present their chunked data.

The workshop ended at 12.30pm.

Parvatibai Chowgule College Of Arts And Science (Autonomous)

REPORT OF

THE WORKSHOP ON ATTAINMENT OF COURSE OUTCOMES (COs)

The fundamental premise of the learning outcomes-based approach is that higher education qualifications such as a Bachelor's Degree programmes are awarded on the basis of demonstrated achievement of outcomes (expressed in terms of knowledge, understanding, skills, attitudes and values) and academic standards expected of graduates of a programme. Learning outcomes specify what graduates completing a particular programme of study are expected to know, understand and be able to do at the end of their programme of study.

Parvatibai Chowgule College of Arts and Science organized workshops on Outcome Based Education and adopted outcome based framework from the Academic Year 2018-19. Through intensive deliberations Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) were drafted for all the Programmes offered in our college.

Workshop on Attainment of Course Outcomes was organized by College on 13th and 14th July 2020. Dr Shaila Ghanti started the workshop on measuring the CO attainment with the brief introduction of OBE. Then through a case study took the participants on a journey of need for identifying expected outcomes, and recommending appropriate pedagogy and evaluation methods for the attainment of those outcomes. Participants were asked then to take one of the course they teach and discussed their plans and execution methods to achieve the outcomes of that course. The process of Course outcome attainment was discussed that includes mapping of all assessments to the COs.

Mr Abhishek Gudekar demonstrated the use of CO attainment software designed by him to the Course coordinators. How to enter data and the various reports generated and how to derive conclusions from the various reports generated by the software. It was further followed by discussion on issues that needs to be looked into for implementation of the new framework and valuable suggestions by the participants as well as coordinators of the workshop, namely Dr Shaila Ghanti, Mr Mahesh P Matha, Mr Abhishek Gudekar, Mr Gajanan Nial and Mr Castor Godinho.

An appropriate software for the measurement of CO attainment was designed by Asst Prof Mr Abhishek Gudekar under the supervision of Dr Shaila Ghanti, Vice Principal, to establish the mappings between COs, POs and PSOs based on performance of the learners in continuous as well as semester end evaluations.

The same software was used by the faculty members to measure the CO attainment of their courses.

In order to measure the attainment of Cos for the course following steps are to be followed

1. At the end of every semester the CO attainment is to be calculated for every course.
2. All questions of all assessments to be mapped to the Course Outcomes
3. For all the assessments CO wise marks are to be entered. The software generates student wise attainment of Cos and also the overall attainment of Cos for the specified Course.
4. Faculties have to give the action plan based on the CO attainment levels.

CO ATTAINMENT METHOD USED:

The method used for CO attainment is as follows

1. % Attainment in a given CO at student level= $(\text{Total marks scored by student in particular CO})/(\text{Total Marks to all the questions of that CO}) \times 100$.
2. % Attainment in a given CO at class level= $(\text{Total number of students reaching target using Rule 1})/(\text{Total number of registered students in the course}) \times 100$.
3. Level of attainment is derived by finding out in which bucket the overall CO attainment falls.

Level of Attainment for CO			
Level	Low	Medium	High
% CO Attainment	0 to 30%	30% to 60%	60% to 100%

OUTCOMES OF THE WORKSHOP

This workshop was conducted only to the M.Sc. IT , Biochemistry and Biotechnology Departments.

There are two outcomes of the workshop

1. Attainment of Course Outcomes for a course conducted by the Course Co-ordinators.
2. Suggestions to have a standard college Guidelines so that all faculty members can use these Guidelines to calculate their Course Outcomes

1.CO attainment for the courses

Following are the CO attainment for the courses conducted by Mr Abhishek Gudekar. Mr Gajanan

- a) Name of the Course Coordinator: Abhishek Gudekar
 Name of the Course: Data Structure and Algorithms

2. Suggestions to have standard college Guidelines

Subsequently after the workshop presentation was made to the Principal Dr Nandkumar Sawant, who also made valuable observations on the proposed system and are as below

1. Need to finalize the Institute threshold value or For smooth implementation of the system, course coordinators need to plan in advance a suitable mechanism to set threshold for attainment either based on CGPA of the students enrolled for that course or based on average attainment of last three years for a particular CO.
2. Question papers need to be mapped to COs as well as Bloom's Taxonomy
3. Options given in question papers need to be from same CO.
4. Repeat exams to be given to ensure evaluation of same CO.
5. A suitable mechanism needs to be developed for CO-PO mapping if NPTEL/Swayam courses are assigned to students as part of the course work.
6. Institute Target Attainment threshold for each CO should be decided at college level.

REPORT

Title:	Workshop on 'Finalizing Course Outcome Attainments to be implemented for all courses'	
Date and Timing:	31 st October 2020	From: 12.00 p.m. To: 1.55 p.m.
Venue:	Lower Auditorium	
Resource person/s:	Dr. Shaila Ghanti, Mr. Abhishek Gudekar, Rupali Tamuly and Sobita Kirtani	
Organizing Committee:	The College and The Deans (Faculty of Physical and Earth Sciences, Life Sciences, Social Sciences, Languages and Literature)	
No. of Participants	27 (Faculty: 26 and Support Staff: 01)	
Objective:	To focus on attaining the Course Outcomes by taking inputs from the faculty and formulating a strategy to do the mapping of courses.	
Summary of the proceedings	<p>The College through Deans organized this workshop in order to finalize the CO attainments that could be implemented for all the courses.</p> <p>First Speaker: Dr. Shaila Ghanti gave a warm welcome and explained the purpose of this workshop. She further did a small presentation as how as a teacher we carry out our work in form of small activities i.e. Pre-planning of a class lecture etc.</p> <p>Second Speaker: Mr. Abhishek Gudekar explained the strategy and the methodologies used by him in mapping the courses to their Course Outcomes in a very systematic and structured way. He also explained the benefits and the observation of improving his course evaluation to acquire the course outcomes.</p> <p>Third Speakers: Ms. Rupali Tamuly explained how the teaching learning of the courses were conducted to acquire course outcomes.</p> <p>Fourth Speaker: Ms. Sobita Kirtani also spoke on the similar lines about the teaching learning methodologies.</p> <p>All the above sessions with the speakers were very healthy interactive sessions where in most of the faculty members kept forth their difficulties while attaining COs and held up with the mapping of the course with their COs.</p> <p>All the faculty members suggested that all teachers teaching in First years should compulsorily map their courses to the COs whereas all other teachers should compulsorily work on atleast one course of one year to map their course to the COs.</p> <p>Comparing was done by Dr. Sachin Moraes. Logistics support was provided by Ms. Bhavana M. Sawardekar. Photography was done by Presly Fernandes, Tiger Studio.</p>

Title:	Workshop on 'Mapping & Course Outcome Attainments'		
Faculty:	Science	Arts	
Date:	20th November 2020	21 st November 2020	
Timing: From: -To:	03.00 - 04.30 p.m.	12.00 - 1.55 p.m.	
No. of Participants	27 (Faculty: 26 and Admin. Staff: 01)	32 (Faculty: 31 and Admin. Staff: 01)	Total participants: 58
Venue:	Lower Auditorium		
Resource person/s:	Dr. Shaila Ghanti, Dr. Nandini Vaz and Mr. Abhishek Gudekar		
Organizing Committee:	The College through The Deans (Faculty of Physical and Earth Sciences, Life Sciences, Social Sciences, Languages and Literature)		
Objective:	To focus on attaining the Course Outcomes by mapping the courses to the Programme Learning Outcomes (PLOs) and Course Learning Outcomes (CLOs).		
Summary of the proceedings	<p>The College through Deans organized this workshop for the Heads and teachers teaching courses in First years. The workshop was divided into two days for science faculty and Arts faculty due to the SOPs laid down by Government and college for maintaining social distancing for COVID -19. The workshop was divided into three sessions i.e. Introduction/purpose for Course Outcome Attainment, Mapping of Courses and assessments to PLOs and CLOs and mechanism for CO attainments that could be implemented for all the First year courses.</p> <p><u>Introduction or Purpose for CO Attainment:</u> First Speaker: Dr. Shaila Ghanti explained the purpose of this workshop. She spoke on why we need to map and attain course outcomes to our courses. Why every faculty members has to map their questions to their COs. How every course will be having its norms of setting targets / benchmarking, to analysis what is suited to acquire the attainment for once course/s. How we need to lay parameters students individual achievements and the whole class as an achievement. She focused on its requirement or need of an hour and a brainstorming question to analysis and come up with individual suggestions and experiences in arriving at a standardized common mechanism in certain matters. She further mentioned it will not be a final structure as when we try out this process most of the teachers will realise where they might need to modify / improvise their teaching and / evaluation methodologies.</p> <p><u>Mapping of Courses and Assessment Modes to Course Outcomes:</u> Second Speaker: Dr. Nandini Vaz Fernandes explained the importance of the LOCF document prepared by every dept. and to understand the meaning of preparing the same by knowing the guidelines laid down by UGC and how it is connected with mapping and attainment of courses, how it will serve as a guidelines for teacher for teaching their course/s. She explained the depth of the minutely structured mechanism of mapping the course/s with the PLOs and CLOs followed in by their department, which covers direct and indirect methodologies of mappings. An explanation on direct mapping refers to question and answer pattern given in terms of examinations (Continuous Assessments (CA) and Semester End Examination (SEE)) wherein indirect mapping refers to students participation / involvement in developing skills</p>		

through extracurricular i.e. departmental or college activities, sports, NSS, NCC etc. She asked the faculty members to re-look into the syllabus if connected to all PLOs and CLOs, analysis if the portion / courses are linked with PLOs and CLOs, by doing this the teachers may have to rethink on changing their way of teaching / evaluating the students based on their PLOs and CLOs.

Mechanism to attain Course Outcomes:

Third Speaker: Mr. Abhishek Gudekar explained and demonstrated the excel sheet mechanism prepared by him to acquire the CO Attainment wherein by entering the marks only in one sheet everything else is taken care automatically including arriving at the levels in other excel sheets. He showed the mechanism wherein how all the COs are mapped to the questions in the question paper/s. E.g. CA1 in Computer Science question paper: question no. 1 covers CO1 similarly question no. 2 cover CO2 and 3 and so on. Further he also mentioned passing marks and threshold laid may not be the same. This mechanism developed is presently only for direct modes of assessments i.e. examination pattern of curriculum.

Discussion / the interactive Session of the participating teachers:

Teachers discussed on matters that came to their minds like

1. Why we should start this process of CO attainment when UGC has still not come-up on it and once they come up with their mechanism we will have to re-do everything again in that method.

UGC has come-up now in adopting POs and COs whereas we have already started much in advance which has made our work easier similarly we coming up on a strategy on our own will make our mechanism in attaining course outcomes which will ease up for us only. And UGC may adopt our mechanism if found suitable. Presently there is no defined mechanism for disciplines like us.

2. Engineering Colleges can come up with a defined mechanism but how can such a mechanism be suitable to disciplines like ours and specially the Arts section?

We have to come up with a mechanism that will suit our disciplines but to arrive at such a mechanism we need to start with some mechanism where we will also improvise and come up with a proper mechanism that will suit our type of discipline / colleges.

3. Can we as a college go step by step slowly in doing this process in such a scenario when NAAC preparation is also there and the phase of pandemics which has laid to online teaching?

Yes we as college have already started this process for the last two year in steps, now is the time we take next step mapping and on a trial basis apply only to FY courses.

4. Can we come up with a mechanism which is simpler?

Yes we can, but for this all have to contribute their inputs in arriving at this mechanism and provide their strategy in a transparent and clarity manner, where there is no doubt.

5. Whether the Course attainment will be reflecting in the marks sheets of the students?

Presently No, as it has to be worked for three years and then we also have to come-up with a standardized pattern/structure to implement the same in the mark sheets of the student.

6. How are we going to improve / analysis students are going to attain these skills only after completion of their third year?

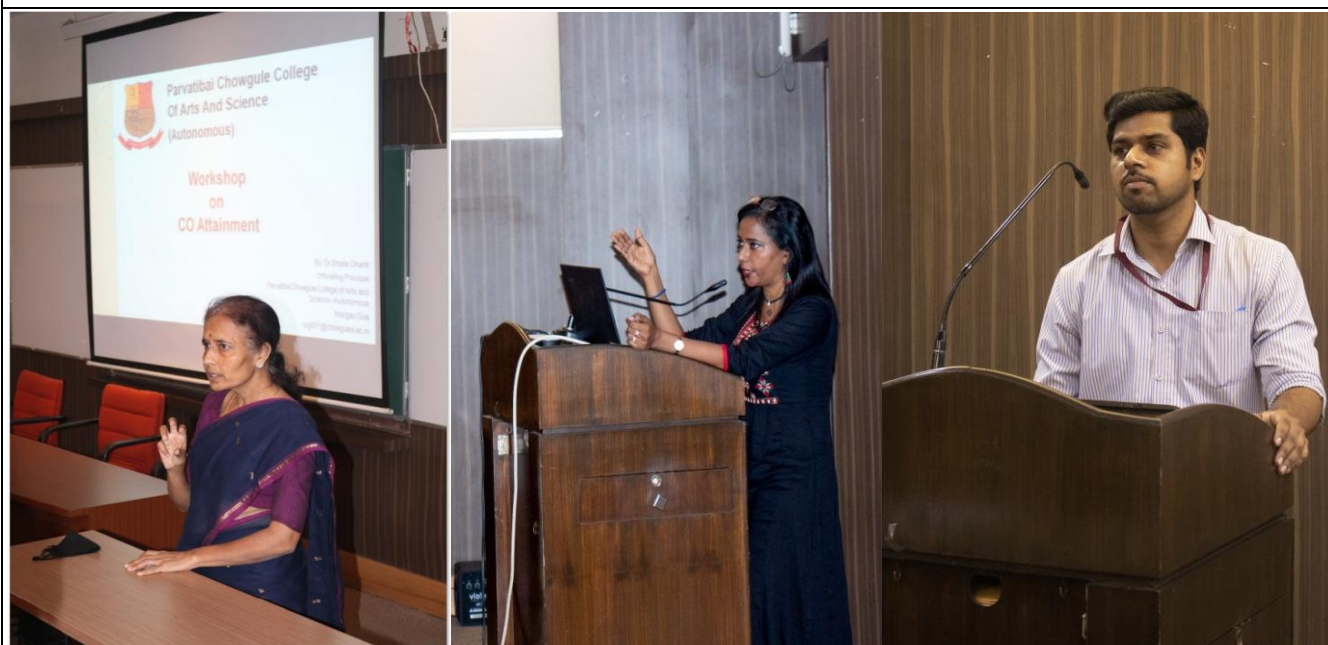

We need to work on a certain pattern / structure to arrive at a conclusion whether this structure/strategy/pattern will be useful for our disciplines in acquiring Course attainments. One can give their input / feedbacks to the students at their

levels in the mean while so they can improve or achieve skills.

Suggestion: To keep a hand on workshop wherein the faculty members come with their laptops, CA1 question papers and marks scored by their students and enter the same during the workshop with proper guidance.

Logistics support was provided by Ms. Bhavana M. Sawardekar. Photography was done by Tiger Studio.

Sir/Madam,

The Directorate of Higher Education, Govt. of Goa has collaborated with Dhempe College of Arts & Science, Miramar for organizing a six-day Workshop/Course to impart training to Laboratory Assistants in order to enhance their skills.

The workshop/course will be held from 24/06/2019 to 29/06/2019 at Dhempe College of Arts & Science, Miramar-Goa.

All colleges are instructed to depute **ALL the Laboratory Assistants from their College for the Course** and principals shall adjust the work of Laboratory Assistants during the Course.

The participants shall report to Shri. Vishnu Chari, Assistant Professor of Chemistry at Dhempe College of Arts & Science. (Mobile 8329572571)

The Order of Duty for the participation of Laboratory Assistants may be addressed to the Principal of Dhempe College of Arts & Science, Miramar with a copy marked to this Directorate.

Kindly upload the information about the participating Laboratory Assistants from your College through the link <https://forms.gle/t9ngivE4sgKGWdEe9> by 18th June 2019, 1 pm.

WORKSHOP ON DISASTER MANAGEMENT'

Title of the Workshop: 'Disaster Management'

Organized by: Department of Botany

Funded by: DBT-Star College scheme

Date: 6th December 2018

Venue: Upper Auditorium

Participants: Non- Teaching staff of our college

Number of Participants: 40

Objectives:

1. To introduce participants to the various techniques of disaster management.
2. To impart hands-on training with use of Carbon dioxide & Dry chemical powder extinguisher and Practical firefighting on Fire pit.
3. To build the competencies of disaster relief workers and volunteers in improving the preparedness and response time in all levels before and after disasters.

Resource Persons:

Shri. Sanjaya Swain, Convenor, Disaster Management Cell, Parvatibai Chowgule College of Arts and Science

Proceedings of the workshop:

The workshop began at 09.30 am on 6th December 2018. Ms. Amisha Pednekar, Botany Department coordinator for DBT introduced the resource person.

The workshop started with theory lectures delivered by Shri. Sanjaya Swain.

Post theory lectures, the team proceeded for the hands on training on use of Carbon dioxide & Dry chemical powder extinguisher and Practical firefighting on Fire pit.

Ms. Amisha Pednekar introducing Shri. Sanjaya Swain

Shri. Sanjaya Swain delivering theory lectures

Shri. Sanjaya Swain explaining about firefighting. Fire pit for demonstration.

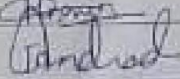

Hands on training in fire fighting

Hands on training in fire fighting using high pressure water hose.

Resource Person: Sanjay Soodam

UNDERSIGNED SUPPORT STAFF ATTENDED THE WORKSHOP ON
'DISASTER MANAGEMENT' ON 6TH DECEMBER 2018 FROM 10:00 AM TO
1.00 PM. IN THE UPPER AUDITORIUM.

A Brief report on the Workshop titled “Attitude is Everything” and “Office Ethics & Etiquettes”.

Held on Friday, 16th November 2018

Introduction

As a part of imparting motivational attitude amongst the support staff of the institution, need was felt to conduct a lecture cum workshop in this direction. The resource person identified to conduct this workshop was Mr.Sushant M. Surlakar, an alumni of this institution and Proprietor of Emerging Minds Academy. Mr. Sushant has conducted more than 1000 training programmes all over India and has also anchored International Film Festival of India (IFFI) in the year 2016 and 2017 in Goa and events like International Fashion Week, Shows, Weddings, etc.

The workshop was conducted on Friday, 16th November 2018, in the Upper Auditorium, from 10.00 a.m. to 1.30 a.m. It was attended by Fifty-two staff members.

The Resource person, Mr.Sushant M. Surlakar, was briefly introduced by one of the staff members, Mr.Vasant Hede.

The workshop was divided into two sessions. The first half of the session was from 10.00 a.m. – 11.30 a.m. and focused on the topic “Attitude is Everything”. The second half of the session began from 12.00 noon to 1.30 p.m., and focused on the topic “Office Ethics & Etiquettes”.

Objective :

To provide an insight into the importance of having a positive attitude in life and office ethics and to maintain etiquettes in the college.

Synopsis of first session – “Attitude is Everything”

The session began at 10.00 a.m. This session was to make aware the benefits in having a positive outlook in whatever we do. To understand the term “What is Attitude?” , a lot of questions were posed to the staff. Keeping a positive attitude would improve one’s health, boost energy, heightening inner strength, building relationships thereby increasing chances of success. It highlighted the ill effects of negative attitude, poor communication, lack of open mind. If you look at the negative side of things, your life would be more and more problematic, on the contrary even in adverse condition, if you focus on the positive side, totally neglecting the negative, you will end up having happy and wonderful moments in life. A short video was screened and as part of the workshop, activities were conducted.

Outcome

The workshop made aware the benefits of having a positive outlook towards any work that is assigned or in hand.

Synopsis of second session – “Office Ethics and Etiquettes”

The session began at 12.00 noon. This session was to bring in awareness on preserving and practicing Etiquettes in an organizational set-up to develop a better working environment. It highlighted on being considerate and respectful of everyone around you, being professional and disciplined, being competent and keep improving and being trustworthy and accountable. This session was an interactive one with fun-filled activities and screening of a short video.

Outcome

It encouraged the participants to increase the positive acts of recognition they give to others and to create a working atmosphere in which people feel accepted and recognized.

The workshop was followed by a question-answer session wherein the audience could ask queries related to the topics discussed.

Overall the workshop was very enlightening, motivational and fun-filled.

Mr. Vasant Hede gave the thanksgiving speech to the Guest Speaker and the session winded up.

Report
‘E-SERVICES AWARENESS PROGRAMME’

Activity:	E-Services Awareness Programme	
Sponsored by:	DBT-Star College scheme	
Organized by:	Department of Computer Science	
Organized for:	Support Staff	
Timing:	02.00 p.m.	
Venue:	Computer Science Laboratory, Department of Computer Science	
Date:	18 th January, 2019	23 rd January, 2019
Attendees:	10	07
Resource Person:	Mr. Vasant S. S. Shirwaikar, Jr. Programmer, Department of Computer Science	

Objectives:

This is a digital world and many day to day tasks can be simplified with the use of the technology. There are various e-services provided by Government organizations as well as Non-Government organizations. Department of Computer Science has taken an initiative to organize e-services awareness Programme under DBT star college Scheme. This awareness programme is open to all staff members. (Teaching / Non-Teaching).

Details about the Programme :

The program began on 18th January 2019, with an introductory note by Mrs. Suchitra R. Bhat, HOD and Department DBT star College scheme coordinator at 2.00 PM.

Following e-services were demonstrated to participants.

1. Different bill payments(Water, electricity).
2. Online Bank Transactions.
3. Payment of house tax.
4. Aadhar data updation
5. e-filing of income tax returns.
6. Digital Lockers.
7. Functioning of goaonline.gov.in website.
8. Online Railway reservations etc.

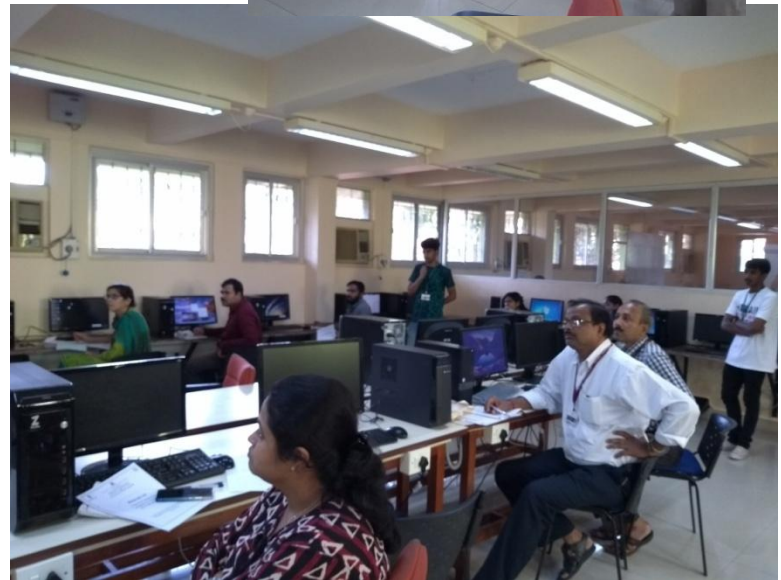

Participants took an active part in the discussion by asking many queries.
At the end , certificates were issued to the participants.

Introductory talk by Ms. SuchitraBhat

REPORT ON Hands on training on Course Outcome Attainment	
Title:	Hands on training on Course Outcome Attainment
Date and year:	08/01/2021
Venue:	M.Sc IT Seminar Room
Resource person/s:	Mr.Abhishek Gudekar
Organising Committee	Center for Teaching Learning
No. of Participants:	8
Objective:	Training on Course Outcome Attainment
Summary of the proceedings:	Center for Teaching and Learning organised a hands on session on "Course Outcome Attainment" for the faculty members. Mr.Abhishek Gudekar, Assistant Professor in the Computer Science Department was the resource person. Session was attended by 8 Faculties. Resource Person gave a hands on session on the working of excel package, which is used to measure the course outcome. He showed the data entry in the package and also explained about the Course Outcome threshold and the levels of attainment.

in small ways...the technique is used...

Centre for Teaching and Learning - 3:31 PM
the tyranny of the syllabus doesn't allow the feynman technique to be used through a course as it is time consuming...our exam formats also do not value such learning - switching over to authentic assessments may allow us to focus on deeper learning, and knowledge that can be used.

REPORT

Title:	WORKSHOP ON QUALITY INDICATORS
Date and year:	12 th , 14 th & 15 th June 2021
Venue:	Conference room & Centre for Teaching Learning
Resource person/s:	Respective NAAC Criteria Coordinators
Organizing Committee	Internal Quality Assurance Cell (IQAC)
No. of Participants	15
Objective:	Improvement in the quality under respective Criteria.
Summary of the proceedings	<p>Every Criteria Coordinator presented their criteria data and evidences. In most of the criteria following suggestions were provided.</p> <p>I. Reshuffling/ restructuring, rectifications, additions and deletion in matters, Including the word 'Institution' everywhere, data to be rechecked, structuring data in points.</p> <p>II. Some important implication were suggested such as:</p> <ul style="list-style-type: none"> - Acquiring software crash report from the authority duly signed as proof. - Title display boards - Orient students about NAAC quality indicators and the impact of their positive response. - Require to procure letter from Goa University for acquiring third place for best clean campus. - Draft college policy for the disabled.

REPORT: FACULTY DEVELOPMENT PROGRAM
BY IQAC- PCCAS**

FACULTY DEVELOPMENT PROGRAM	
Title:	RESEARCH BASED LEARNING (RBL)
Date and year:	9 th August 2021
Venue:	Auditorium
Organised by	Internal Quality Assurance Cell (IQAC) of Partvitibai Chowgule college.
Resource person:	Prof. Nandkumar Sawant Dr. Nandini Vaz Fernandes
No. of Participants	17
Objective:	learning the epistemologies and forms of discipline-based inquiry, Learn certain methods of teaching- Learning practiced and tested over a period of time.
Summary of the proceedings	<p>The FDP was organized by the Internal Quality Assurance Cell (IQAC) of Partvitibai Chowgule college on 09th August 2021. The workshop was organised for the faculty who are newly appointed in the last five years teaching undergraduate and Post graduate courses in Parvatibai Chowgule College, with an aim to empower them with hands on experience of research based pedagogies of teaching-learning-evaluation.</p> <p>The workshop was inaugurated by the Offg. Principal Dr. Shaila Ghanti, who spoke on the importance of this workshop. This was followed by the technical sessions and the hands on activity.</p> <p>Session 1: Prof. Nandkumar Sawant Topic: Goals and requirements of higher education. Why teacher needs to be compatible.</p> <p>Prof. Nandkumar Sawant, spoke on the need to relook at the teching-learning-evaluation processes at higher education. He outlined that we as teachers of higher edication institutions need to set a benchmark and integrate blooms taxonomy and focus on enhancing skills and abilities of the students.</p>

Session II : Prof. Nandkumar Sawant

Topic: Assignment writing

In the second session Prof. Nandkumar Sawant, gave a detailed explanation on the structure and process of assignment writing and how it can be integrated with research based assignments as a component of assignment. He sighted examples in faculty of languages and social sciences, as to how research based assignments can be carried out with a well planned productive outcome which can even be published as a finding. This requires a systematic process to be followed which was explained to the participants.

Session III : Dr. Nandini Vaz Fernandes

Topic: Problem Based Learning

Dr. Nandini Vaz Fernandes spoke on Problem based learning as research based learning pedagogy. Problem-based learning (PBL) is a student-centered approach of T-L-E process in which students learn about a subject by working in groups to solve an open-ended or real world problem. Her session focussed on:

- What is Problem Based Learning
- Preparing for PBL based learning
 - Teachers
 - Students
- Process of PBL
- Role of students
- Role of teacher

She laid emphasis on the preparations and skills required to execute problem based learning effectively. She gave an insight into how to orient students, how to prepare for executing PBL in class, and how to frame a good PBL activity.

Session 4: Hands on and group sharing

The technical sessions were followed by hands on activity on research based learning. The participants were provided with a handout describing the process to be followed and information on Blooms taxonomy.
