Office of the
Executive Engineer,
Electricity Department,
Division -IV,(O&M)
Aquem-Margao, Goa
Date: 21/09/07

To,
The Principal,
Smt. Parvatibai Chowgule College
of Arts & Science,
Fatorda, Margao
Salcete, Goa - 403 602

Sirs,

Sub:- Release of 150 KVA / 11 KV Power supply.
Ref:- Your requisition dated 25/06/2007

We refer to your above cited requisition for supply of 150 KVA power and write to inform you that the load of 150 KVA is sanctioned by the Load Approval Committee for the College located at Vidyanager, Margao, Salcete, Goa. The following are the terms and conditions of the Department for availing H.T. supply.

1. The sanctioned demand is **150 KVA** and hence power will be released at 11 KV supply and grouped under H.T. consumer. All arrangements for stepping down the voltage from 11 KV will have to be made by you.
2. HT supply will have to be taken for a minimum period of **seven years** and guarantee a monthly line minimum return based on either, 15% per annum over the capital cost invested by the Department for release of power supply to your premises or monthly tariff minimum charges for the contract demand of **150 KVA** as per the prevailing tariff, whichever is higher. An agreement to this effect will have to be executed by the authorized signatory of your concern in form F-28, in triplicate, which comes into effect from the date of commencement of supply to your installation as stated at '11' here below. All the terms and conditions laid down in the Conditions of supply of Electrical Energy and any other conditions included/revised by the department from time to time are deemed to be part of the agreement and will be applicable and binding. You also have to submit the same duly signed by authorized signatory over your seal in triplicate as per the terms of the agreement.
3. Fixed charges as service connection charges of **Rs. 5000/-** (Submit copy of receipt) and security deposit of **Rs. 3,00,000/-** towards payment of electricity to be supplied should be paid before release of supply. The security deposit amount is subject to revision based on actual electricity charges and may be furnished in form of Demand draft/Bank Guarantee Bond issued by local branch of any scheduled bank in prescribed format.
4. Arrangements within your premises as per the **enclosed drawing** are to be made to provide and maintain, at your expenses, locked and weatherproof enclosures of a design approved by the Department for housing the Department's H.T. switchgear and the metering equipments. The exact location of the point of the commencement of supply shall be as decided by the department in consultations with your officials.
5. All electrical equipments, such as transformer, switchgear etc. at your installation, which will be connected to our system, should be got **inspected by the Department** prior to releasing of power supply. The Department will not release connection without prior inspection and approval of your installation.
6. The voltage distortion level of the system due to the **harmonics** injected by your installed machinery should not exceed **3%** as recommended by IEEE Std. 519/1992. If the distortion, when measured with harmonic analyzer, is found to be beyond the permissible limits recommended by IEEE, the supply will be liable for **disconnection**.

7. **Approval** of the Electrical Inspector, Central Electricity Authority, for your installation has to be obtained before commencement of supply. The details of the **total connected load** and the **single line diagram** duly signed by the electrical contractor along with certified copy of above said approval is to be submitted to this office for release of supply.

8. **L.T/ H.T side check metering** with demand indicator and separate lighting meter should be provided to record the respective energy consumption.

9. **Capacitor bank** of suitable capacity should be provided to maintain the power factor within the prescribed limit of 0.85 lag. The H.T installations having power factor above 0.95 lag are eligible for rebate of 1% on energy charges for every 1% improvement in power factor.

10. Supply will be released, subject to peak hours load restrictions between **18.00 hrs to 22.30 hrs**.

11. The supply shall be deemed to be released from the actual date of commencement of supply or on expiry of three months from the date the department is ready to release power supply, whichever is earlier, and billing will start with effect from that day onwards. The installation shall be categorized as **HTM-Mixed** and the demand /energy charges will be billed as per the tariff applicable to your installation, from time to time.

In addition to this, you are also requested to submit the certified copies of the following, which were not received alongwith your application:

- i) Names of the Board of Directors, along with their official / permanent residential addresses, phones numbers, mobile phone numbers, etc.
- ii) Board resolution authorising the Principal to sign/execute the agreement
- iii) No Objection Certificates issued by the local authority, etc.

The duly signed copy of this letter in token of acceptance of all the terms and conditions stated herein should be submitted to this office and the conditions stated at '2' & '3' above should be complied within **15 days** of issue of this letter failing which it will be presumed that you are not interested in the power requirement and your application will be treated as **cancelled** without any further reference to you.

The above conditions shall form part of the agreement to be signed for availing High Tension supply. Failure to observe any of the above stated conditions during any time of continuance of the agreement shall render the agreement liable for termination. The other departmental formalities / conditions should be fulfilled before release of H.T. supply.

Yours faithfully,

(Peter Fernandes)

**EXECUTIVE ENGINEER-IV
MARGAO**

JERRE

THIS AGREEMENT is made at Margao on this Twenty Eight day of November Two thousand and Nineteen between the GOVERNOR OF GOA (hereinafter called 'the Supplier' which expression shall, unless the context does not so admit, include his successors and assigns) of the one part and Shri/Smt./ M/s The Principal, Chowgule College HTC-186//4186 with CA no. 60002128266 son/ daughter/wife/proprietor/Director of M/s Chowgule Education Society (hereinafter called 'the Consumer' which expression where the context so admits shall include his heirs, executors, administrators, legal representatives, successors in business and assigns) of the other part.

WHEREAS the Consumer is being supplied/has agreed to receive supply of electricity in his premises situated at Smt. P. Chowgule C. F. College of Arts Science Fartoda, Margao Goa for the purpose of Motive and Lighting Load and the Supplier has agreed to supply to the Consumer such electricity upon the terms and conditions hereinafter contained.

Handwritten signatures and initials at the bottom of the page.

NOW IT IS HEREBY DECLARED AND AGREED AS FOLLOWS:

(1) CONTRACT DEMAND.— (a) Subject to the provisions hereinafter contained, the Supplier shall supply and the Consumer shall take from the Supplier electrical energy for a maximum demand not exceeding **300 KVA** (hereinafter called "the contract demand") for its exclusive use for the purpose above mentioned at the premises having address at **Fatorda Margao Goa 403602**. The connected load shall be **300 kVA/kW/ /HP**.

(b) The Consumer may from time to time request the Supplier in writing for additional power in excess of the 'Contract Demand' and the Supplier shall make such additional power available within 180 days from the date of such written request or any longer period as may be required by the Supplier for the purpose, provided the Supplier has such additional power and the materials to make such additional power available for supply and provided further, that having regard to the unexpired term of this agreement, it would, in the opinion of the Supplier, be economical to the Supplier to make such additional power available to the Consumer.

(c) In the event of the Supplier agreeing to make such additional power available, the Consumer shall be liable to pay the cost of making such additional power available, as may be determined by the Commission.

(d) If such additional power is made available by the Supplier, the Contract Demand specified in Clause 1 (a) hereto shall be increased to the same extent.

2. CONDITIONS OF SUPPLY.— (a) The Supplier shall furnish to the Consumer and the Consumer shall accept at the premises mentioned in the Schedule hereto on and from the date on which the said premises shall be connected with the Supplier's distributing main a constant supply of electrical energy for the purpose and up to the maximum specified and under the conditions laid down in the Conditions of Supply of Electrical Energy for Electricity Department, Goa. But the Supplier or its employees, servants or agents will not be responsible for any interruption or diminution of the supply due to lockouts, strikes of the employees of the Supplier, breakdown of machinery or plant, flood or other force majeure or any other cause beyond the control of the Supplier.

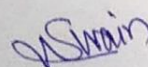

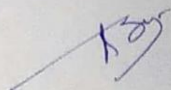

(b) The conditions if any imposed by the Supplier based on the directions of the Commission shall bind the Consumer. The Consumers shall commence to take supply within a month from the date of receipt of intimation from the officers of the Supplier that supply is available unless the Consumer, in the opinion of the Engineer, is unable to do so for causes reasonably beyond control. Where the supply is not availed of within one month from the date of intimation as aforementioned, the sanction for the load shall lapse and this agreement also shall stand cancelled.

(c) The energy shall be utilized within the premises mentioned in the schedule hereto or outside the premises for the bonafide use of the Consumer. In case of difference of opinion as to whether any utilisation of energy outside the premises is for the bonafide use of the consumer, the matter shall be referred to the Chief Electrical Engineer, whose decision shall be final.

(d) The consumer shall permit the Supplier free of cost to erect the posts, distribution/service line, structures and other apparatus necessary for the supply of electrical energy under this agreement over the land belonging to the Consumer and the Consumer shall have no claim whatsoever on account of any damage to his/her property by reason of such erection of, or any other work on the posts, distribution/service lines, structures and other apparatus.

(e) The Consumer agrees to take supply under any conditions of restrictions of load and time that may be fixed by the Supplier from time to time and to pay the minimum under this agreement in full, notwithstanding such restrictions.

(f) Supply is liable to be restricted, staggered or cut off altogether, as the case may be, if the power position or any other emergency warrants such a course of action.

NOW IT IS HEREBY DECLARED AND AGREED AS FOLLOWS:

(1) CONTRACT DEMAND.— (a) Subject to the provisions hereinafter contained, the Supplier shall supply and the Consumer shall take from the Supplier electrical energy for a maximum demand not exceeding **300 KVA** (hereinafter called "the contract demand") for its exclusive use for the purpose above mentioned at the premises having address at **Fatorda Margao Goa 403602** The connected load shall be **300 kVA/kW/ /HP**.

(b) The Consumer may from time to time request the Supplier in writing for additional power in excess of the 'Contract Demand' and the Supplier shall make such additional power available within 180 days from the date of such written request or any longer period as may be required by the Supplier for the purpose, provided the Supplier has such additional power and the materials to make such additional power available for supply and provided further, that having regard to the unexpired term of this agreement, it would, in the opinion of the Supplier, be economical to the Supplier to make such additional power available to the Consumer.

(c) In the event of the Supplier agreeing to make such additional power available, the Consumer shall be liable to pay the cost of making such additional power available, as may be determined by the Commission.

(d) If such additional power is made available by the Supplier, the Contract Demand specified in Clause 1 (a) hereto shall be increased to the same extent.

2. CONDITIONS OF SUPPLY.— (a) The Supplier shall furnish to the Consumer and the Consumer shall accept at the premises mentioned in the Schedule hereto on and from the date on which the said premises shall be connected with the Supplier's distributing main a constant supply of electrical energy for the purpose and up to the maximum specified and under the conditions laid down in the Conditions of Supply of Electrical Energy for Electricity Department, Goa. But the Supplier or its employees, servants or agents will not be responsible for any interruption or diminution of the supply due to lockouts, strikes of the employees of the Supplier, breakdown of machinery or plant, flood or other force majeure or any other cause beyond the control of the Supplier.

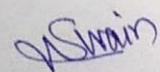

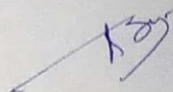

(b) The conditions if any imposed by the Supplier based on the directions of the Commission shall bind the Consumer. The Consumers shall commence to take supply within a month from the date of receipt of intimation from the officers of the Supplier that supply is available unless the Consumer, in the opinion of the Engineer, is unable to do so for causes reasonably beyond control. Where the supply is not availed of within one month from the date of intimation as aforementioned, the sanction for the load shall lapse and this agreement also shall stand cancelled.

(c) The energy shall be utilized within the premises mentioned in the schedule hereto or outside the premises for the bonafide use of the Consumer. In case of difference of opinion as to whether any utilisation of energy outside the premises is for the bonafide use of the consumer, the matter shall be referred to the Chief Electrical Engineer, whose decision shall be final.

(d) The consumer shall permit the Supplier free of cost to erect the posts, distribution/service line, structures and other apparatus necessary for the supply of electrical energy under this agreement over the land belonging to the Consumer and the Consumer shall have no claim whatsoever on account of any damage to his/her property by reason of such erection of, or any other work on the posts, distribution/service lines, structures and other apparatus.

(e) The Consumer agrees to take supply under any conditions of restrictions of load and time that may be fixed by the Supplier from time to time and to pay the minimum under this agreement in full, notwithstanding such restrictions.

(f) Supply is liable to be restricted, staggered or cut off altogether, as the case may be, if the power position or any other emergency warrants such a course of action.

(g) The Supplier reserves the right to periodical shut down as and when required for purposes of routine maintenance after giving reasonable notice to the Consumer.

(h) The Supplier shall commence to lay service line only after he is satisfied that the Consumer has the requisite equipment at site to receive power and will be in a position to utilize it within one month from the date to be notified by the local officer of the Electricity Department which shall be the date by which time the service line is expected to be completed.

(i) If in the opinion of the Chief Electrical Engineer, the Consumer is unable to commence to take supply from such date for causes beyond his control, the date of commencement of supply shall be such other date as the Chief Electrical Engineer may determine and the opinion and the decision of the Chief Electrical Engineer in this behalf shall be final and binding on the Consumer.

(j) The Consumer shall become liable to pay to the supplier the amounts of requisite charges determined by the Commission from the date determined by the Chief Electrical Engineer under Clause (i) as the case may be.

3. PAYMENT FOR SERVICE LINES ETC.— (a) The Consumer shall pay to the Supplier on demand the cost of any service lines/service connection charges in respect of which requisition has been made in accordance with the prevailing Tariff Order of the Commission.

(b) In the event of the Consumer requesting for an increase in his connected load after the commencement of supply, and if the same is made available by the Supplier at an additional cost, the Consumer, shall pay such contribution towards the additional cost of such service line increase in accordance with the prevailing Tariff Order of the Commission.

4. DATE OF COMING INTO FORCE OF THE AGREEMENT.— (a) Under the conditions of this contract, the Consumer shall take electrical energy/ /power supply from the Supplier within a period of three months from the date of issue of intimation by the Chief Electrical Engineer, Government of Goa (which expression shall include any other Officer authorized by him to perform the functions of the Supplier specified in this agreement and any other Officer or Officers authorized by the Supplier) of the Licensee that supply of electrical energy is available;

(b) The provisions of this agreement shall be deemed to have come into force from the date of commencement of supply of energy or the date of expiry of three months notice above referred to, whichever is earlier;

(c) In case the Consumer is unable to receive supply of electrical energy before expiry of three months period from the date of issue of intimation by the Chief Electrical Engineer, it shall be considered as the power supply deemed to have been commenced from the date immediately following the date of expiry of three months period and the consumer shall be liable to pay the FIXED / DEMAND CHARGES as may be applicable from time to time;

(d) If the consumer fails to avail the supply within 3 months, a further three months extension will be granted by the Supplier, after collecting the FIXED/ /DEMAND CHARGES for the extended period in advance.

5. RESALE OF ENERGY.— (a) The Consumer shall not sell the electrical energy obtained under this agreement without the sanction in writing of the Supplier.

6. PERIOD OF AGREEMENT.— (a) The period of supply of electrical energy under this Agreement shall be a minimum period of two years from the date of the commencement of supply and from month thereafter. The Consumer may terminate this Agreement at any time after the said period of two years giving to the Chief Electrical Engineer not less than six calendar month's notice in writing in that behalf and upon the expiration of the period of such notice this Agreement shall cease and terminate.

(b) After the expiry of the initial Agreement period specified above, the Agreement for power supply is deemed to have been renewed from year to year thereafter, until it is terminated by either party.

15/5
A. Swain

7. TERMINATION OF AGREEMENT.— (a) The agreement shall remain in force even after completion of the initial period of agreement until it is terminated. HT and EHT Consumers may terminate the agreement after giving six month's notice.

(b) Provided that the agreement shall normally be terminated after expiry of the initial period of agreement. However, if the agreement is to be terminated for any reasons whatsoever, before expiry of the initial period of agreement, the Consumer shall be liable to pay charges as per tariff order for the balance period of the said two-year or notice period specified in the agreement whichever is later.

(c) The Department shall arrange for special meter reading, at a mutually acceptable date, to facilitate preparation of the final bill of the Consumer. The agreement shall be terminated on the last day of the billing month and the Department shall raise the final bill accordingly.

(d) If power supply remains disconnected for a period more than notice period for non-payment of charges or dues or non-compliance of any direction issued under Conditions of Supply, the Department shall issue a show cause notice, to be replied within seven days for termination of the agreement. In case no effective steps are taken for removing the cause of disconnection and for restoration of power supply, the agreement of the Department with the Consumer for power supply shall be terminated on expiry of the period of seven days, provided the initial period of the agreement is over. If initial period is not over, the provision given under Condition 6.9 (1) of the Conditions of Supply shall apply. During the period of temporary disconnection the Consumer shall be liable to pay the demand charges or minimum charges as applicable. The Department shall record and keep the total outstanding amount due on termination of the agreement and shall have the right to recover the same under RR Act, Court of Law, if necessary.

(e) On termination of the agreement, the Department shall be entitled to remove the service line and other equipment of the Department for supply of power from the premises of the Consumer. After permanent disconnection, if the Consumer wishes to revive the connection, then it would be treated as an application for new connection and would be entertained only after all outstanding dues have been cleared.

8. SYSTEM OF SUPPLY.— (a) The supply of electrical energy to the Consumer shall be in the form of three phase alternating current at a frequency of 50 cycles per second and a pressure of 11000 volts subject to the tolerance limits permitted by the Act;

9. POINT OF SUPPLY.— (a) The point of delivery for the supply of electrical energy/point of supply of electrical energy shall be as mutually agreed between the Supplier & the Consumer and shall always be at the main entrance of the Consumer's premises, provided the decision of the Supplier in respect of location of point of delivery for the supply of electrical energy/point of supply of electrical energy shall be final;

(b) The Supplier shall install energy meter & other metering equipment of appropriate design, make & capacity at the point of delivery for the supply of electrical energy/point of supply of electrical energy.

(c) For the purpose of this Agreement, availability of the electrical energy of the above stated voltage and frequency at the said point of delivery shall constitute the supply of electrical energy;

10. ACCOMMODATION FOR SUPPLIER'S APPARATUS.— (a) The Consumer shall provide and continue to provide, during the continuance of this Agreement, suitable accommodation, to be approved by the authorized Officer of the Supplier, for placing equipment and apparatus of the Licensee, necessary for the performance of this agreement.

(b) The Supplier shall be at liberty to bring upon the accommodation so provided at the Consumer's premises, not only the cables required for the supply of electrical energy to the Consumer but also the cables and other accessories & equipment necessary for giving connections to other Consumers through the cables and terminals situated on the Consumer's premises, provided the supply to the Consumer shall in no way be interfered with or its continuity jeopardized as a result of such action on the part of the Supplier.

(c) The Consumer shall take all precautions for the safety of the Supplier's equipment erected at his premises.

(d) The Consumer may with the written approval of the Supplier house his own HT switchgear and other apparatus, which must necessarily be installed near/enclosure within such enclosure, but he shall not use such enclosure for any other purpose.

11. METERING EQUIPMENT.— (a) For the purpose of registering the electrical energy supplied to the Consumer, under this agreement, suitable metering equipment shall be provided by the Supplier.

(b) Wherever the Supplier is not in position to provide the metering equipment on account of its non-availability, he may request the Consumer to provide his own metering equipment as required by the Supplier. The Consumer may also at his own cost install check-meters for his own convenience.

(c) The meter shall be properly sealed by the Supplier in the presence of Consumer or his representative and shall not be interfered with by either party, except that the Supplier may change/ /replace the seals as and when required, in the presence of the Consumer or his representative.

(d) The readings of the meters except the checkmeters mentioned above shall be taken by the accredited representatives of the Supplier and the Consumer regularly on the pre-determined date of every month and the readings so recorded shall be binding on the Consumer.

(e) Provided that in the event of any meter (excluding the check meters , if any) either belonging to the Supplier or to the consumer being found defective, the energy Consumed during the month shall be determined unless otherwise mutually agreed upon, by taking the average consumption recorded during the previous three months.

12. DEFECTIVE METERS.— (a) If the consumer shall at any time consider that any such meter is not in proper order and does not correctly register the quantity of the supply, the Engineer will on receipt of a representation in writing in that behalf from the Consumer take necessary steps as per Condition 7.5 of the Conditions of Supply document.

13. CONSUMER'S APPARATUS.— (a) All transformers, switchgears, motors and other electrical equipments belonging to the Consumer which are connected to the Supplier's apparatus shall conform to the standards and specifications prescribed by the Bureau of Indian Standards or Equivalent and be maintained to the reasonable satisfaction of the Supplier. The capacity of fuses and setting of relays on the Consumer's control gear shall also be subject to the approval of the Supplier.

14. PAYMENT OF CHARGES.— (a) The Consumer shall pay to the Supplier every month or after every such duration as may be prescribed by the Supplier, charges for the electricity supplied to him during the preceding month at the tariff applicable to the Consumer category for which supply of electricity has been agreed including variable cost adjustment charges, if any, as per the orders of the Commission from time to time.

(a) If during the currency of this agreement, the rates including Fixed Charges, are revised, replaced, increased or decreased, such revised, replaced, increased or decreased rates from the date specified, shall apply to the Consumer during and for the unexpired period of this agreement;

(b) A copy of the current Tariff Schedule in force with effect from 2018-19 referred hereinabove in this agreement is set out in the First Schedule attached hereto, which however does not include any tax, duty or other direct or indirect charges on electrical energy that may be payable in accordance with any law in force or which may increase the cost of production and such charges will be payable by the Consumer in addition to the tariff charges.

15. CONTINUITY OF POWER SUPPLY.— (a) The Supplier shall take all reasonable precautions to ensure continuity of supply of power to the Consumer at the point of supply but he shall not be liable to the Consumer for any loss due to the interruption in the supply of power by reason of damage to the equipment of the Supplier during war, mutiny, riot strike or by reason of earthquake, hurricane, tempest or any accident or for routine maintenance of the lines and associated equipment or such other causes

as may be beyond the control of the Supplier. The Supplier shall give notice as early as possible of the probable duration of such interruptions in supply of power to the Consumer.

16. STAGGERING OF SUPPLY BY THE SUPPLIER.— (a) The Consumer agrees to restrict, stagger or cut off the consumption of electrical energy under this agreement during the peak hours as may be directed by the Supplier in writing and at any other hours, if so required to do, if the power position or any other emergency in the power system warrants such a course of action.

17. DISCONTINUANCE OF POWER SUPPLY FOR ROUTINE TESTS.— (a) The Supplier shall always be entitled for reasons of testing or outages or maintenance or any other cause for efficient working of the undertaking to temporarily discontinue the supply for such period as may be necessary subject always to adequate advance notice being given in this behalf, with the object of causing minimum inconvenience to the Consumer. No indemnity or compensation shall be claimed by the Consumer for such stoppages and inconveniences resulting therefrom.

18. DISCONNECTION OF POWER SUPPLY.— (a) The Consumer hereby agrees that its/his/her supply will be disconnected in case it/he/she fails to deposit arrears of electricity charges and other charges as may be due within 15 days from the date of receipt of demand notice for such charges.

(b) The Consumer hereby agrees that in the event it/he/she is found, prima-facie, involved in committing theft of electricity or its unauthorized use, the Supplier shall have right to disconnect the supply forthwith without notice.

(c) In the event of the supply of electrical energy being discontinued by the Supplier in consequences of any breach or default on the part of the Consumer entitling the Supplier so to do under the provisions of the Act and Rules, the amount of charges for the electrical energy already supplied and all other moneys then payable under this Agreement shall become due and recoverable forthwith provided always and it is hereby expressly agreed and declared that during the period of such discontinuance the Consumer shall continue to pay the FIXED/DEMAND CHARGES payable as per the Supplier's tariff in force.

19. TRANSFER OF AGREEMENT.— (a) During the continuance of this Agreement, the Supplier shall be at liberty and shall disconnect the power supply of the Consumer on account of any or all of the following reasons, provided the Supplier shall issue a fifteen days notice to the Consumer in this regard and shall give an opportunity to the Consumer to make submissions in his support:

(i) The Consumers being a limited company pass a resolution for winding up or be ordered to be wound up by a Court of competent jurisdiction or being an individual or individuals commit any act of insolvency or be adjudged insolvent; or

(ii) The Consumer executes or creates any mortgage, charge or other encumbrances on any property or asset of the Consumer so as to prejudicially affect the Suppliers's electric meter, plant, apparatus and equipment at the Consumer's premises or any part thereof or any right exercisable by the Supplier in connection with said electric meters, plant, apparatus and equipment;

(iii) The Consumer commits any breach of or fails to observe and perform any of the conditions and provisions contained in this Agreement on his part to be observed and performed;

(iv) The Consumer shall not, without the previous consent in writing of the Supplier, assign, transfer, or part with the benefit of this Agreement nor shall the Consumer in any manner part with or create any partial or separate interest in it.

20. ARREARS OF ELECTRICITY CHARGES OR ANY SUM OTHER THAN A CHARGE FOR ELECTRICITY DUE TO BE CHARGES ON PREMISES.— (a) The Consumer hereby agrees that any charge for electricity or any sum other than a charge for electricity due to Supplier, which remains unpaid shall be charge on its/his/her premises and also on the premises transmitted to Legal Representative, Successor in law, new owner.

21. SECURITY DEPOSIT.— (a) The Consumer hereby agrees to pay as security deposit the amount equivalent of the average of two/three month's consumption, as per Condition 6.10 of the Conditions of Supply of Electrical Energy for Electricity Department of Goa.

15/5
S. S. S. S. S.

(b) The Consumer hereby agrees that the Supplier may refuse to give supply of electricity or to provide the line, plant or meter in case the Consumer fails to give security to the Supplier.

(c) The consumer hereby agrees that in case the security given by it/him/her has become invalid or insufficient, the Supplier may by notice require, within 30 days after the service of notice to give reasonable security for payment of all money which may become due to the Consumer in respect of supply of electricity or provision of line, plant or meter.

(d) The Consumer agrees that the Supplier may discontinue the supply of electricity for the period during which such failure to pay security/additional security continues after the period of 30 days mentioned above.

(e) The Supplier agrees that it will not insist for any security if the supply is through pre-payment mode.

22. STAMP DUTY FOR REGISTRATION.— (a) The stamp duty payable, if any, for registration of this Agreement, shall be paid by the Consumer.

23. APPLICABILITY OF ACTS AND REGULATIONS.— (a) This agreement shall be read and construed as subject in all respects to the provision of the applicable Act and Regulations as noted in Distribution Code and Supply Code and of any modification or re-enactment thereof for the time being in force and the regulations for the time being in force there under so far as the same respectively may be applicable and subject to the conditions of supply approved from time to time by the Commission.

(b) Nothing contained in this Agreement or any amendment thereof shall restrict any rights, obligations and discretion which the Supplier may desire under any legislation relating to the supply of electricity enacted during the period of this Agreement.

24. SAVINGS AS TO CLERICAL ERROR.— (a) In the event of any clerical errors or mistakes in the amount levied, demanded or charged by the Supplier then in the case of undercharging, the Supplier shall have a right to demand an additional amount and in the case of overcharging the Consumer shall have the right to get refund of the excess amount provided at that time such claims were not barred by limitation under the Act.

(b) The parties hereby further agree that the amount claimed in the bill shall be payable within the time allowed, irrespective of any decision to be taken regarding any disputes about its correctness or otherwise of the amount levied demanded charged by the Supplier. The Supplier shall have a right to proceed in accordance with the Act, on the basis of the amount claimed in the bills, till it is proved or established that the amount claimed was in excess of what was actually due. The Consumer shall not on the plea of incorrectness of the bills withhold any portion of the bills.

25. GENERAL.— (a) The other conditions of supply in this agreement are also subject to any revision that may be decided by the Supplier as per the directions of the Commission from time to time. IN WITNESS WHEREOF the parties hereto have executed these presents the day and year first above written.
