GENDER EQUITY AUDIT REPORT

Parvatibai Chowgule College of Arts and Science, ever since its inception in the year 1962, has always maintained gender equity; not discriminating any individual based on gender, caste or religion. This has been in sync with the cultural and religious harmony prevailing in the state of Goa.

The pointers listed below substantiate our views on maintaining Gender Equity on the campus:

1. The helm of affairs, the Officiating Principals and the Vice Principals position are held by female faculties.
2. Of the total strength of the faculty and the students, the female gender is predominant.
3. As the college has always been maintaining a student friendly environment, there are no restrictions imposed on their movement and access to facilities.
4. There are no reservations with respect to wearing of dresses irrespective of caste, creed and religion.
5. Equal opportunities are provided for all without a prejudice of gender in every field, activity or event organized or conducted in the college.
6. In a friendly environment, both the girls and the boys are free to interact with each other as well as their teachers.
7. No gender discrimination is practiced in admitting a student for any of the programmes / courses offered at the college.

8. Both the boys and the girls sit or work alongside each other in the classrooms or laboratories during their regular study schedules.
9. Equal motivation is provided to all genders for participating in any sports or cultural activities held within /outside college premises.
10. All, Irrespective of gender have open access to canteen / library.
11. The girls are given a more than equal representation on the management of the club system adopted by the college.
12. Gender related committees are constituted to resolve grievances, if any related to gender discrimination.

Parvatibai Chowgule College of Arts and Science, thus believes and affirms to adhere firmly with the principle of Gender Equity.
